

ASPIRES FOR THE MAXIMUM BOND QUOTA

Rush County Hopes to Reach \$994,000 in Subscriptions After Meeting Tonight

TWO SPEAKERS ON PROGRAM

Today's Report Shows \$600,000 Subscribed, Which Puts Rush County in Honor Roll

MEETINGS IN THE COUNTY

Celebration at New Salem This Afternoon and One at Andersonville Last Night

RUSH ON HONOR ROLL

Indianapolis, Ind., Oct. 24.—Twelve Indiana counties today were on the honor roll of having passed their minimum allotment in the Liberty Loan bond sale. They were: Bartholomew, Dearborn, Decatur, Leitch, Delaware, Franklin, Madison, Parke, Rush, Shelby, Union and Wayne. Dearborn county has only \$94,000 more to raise before doubling its minimum quota of \$400,000.

MUST STRIKE HARD.

Atlanta, Ga., Oct. 24.—"America must strike hard now and win, else the great war will be fought again with this nation probably alone in beating down the Teuton."

Secretary of the Treasury McAdoo voiced that warning here today in a speech for the Liberty Loan. "If the war is carried to a successful ending, then our liberty will never be imperiled again," he added.

After the Liberty Loan meeting here tonight at 7:30 o'clock, the Liberty Loan committee hopes to report tomorrow that the county has reached its maximum quota, which is \$944,000.

The county today passed its minimum quota of \$590,000 when the reports from the banks in the county showed a total of \$600,000 subscribed. This was very gratifying to the committee since a gain of \$100,000 was made the day before the gain over yesterday's report amounted to more than \$50,000. Today's report places Rush county in the honor roll, which includes all counties reaching their minimum quota.

The meeting at the Graham Annex auditorium will start promptly at 7:30 o'clock tonight and the first talk will be given by Lieutenant Raymond T. Ross of the French aviation corps who has been at his home in Crawfordsville on a furlough. He will appear in his French aviation, corps uniform which he wore when he sailed over the German lines. Lieut. Ross has spoken several places and has been received with great ovations. His parents, Mr. and Mrs. Charles W. Ross, will accompany him here.

The second address will be delivered by Frederick A. Matson of Indianapolis, a bond attorney who has a statewide reputation as an orator and authority in the subject of government bonds. He will discuss the Liberty Loan and show that the purchase of a Liberty Bond is not only a patriotic duty, but is likewise the best investment on earth.

There will be no special music, but B. F. Miller will lead the audience in singing patriotic airs. Samuel L. Trabue will act as chairman of the meeting.

A Liberty Loan demonstration was held at New Salem this afternoon and the principal address was made by Douglas Morris of this

Continued on Page 6

SITUATION IS UNCHANGED

School Will Open Monday if no More Diphtheria is Reported

The diphtheria situation remains unchanged. During the past two days no new cases have developed and no new cases reported. If no more cases arise, the probabilities are that the quarantine will be raised the first of next week, although it will not be definitely settled by the board of health until that time arrives. In case the quarantine is lifted as planned, school will be opened on Monday.

RECOMMENDS MAN FOR FUEL AGENT

Chairman County Defense Body Suggests Local Citizen For The County Administrator

WILL BE NAMED BY WOOLLEN

A. L. Gary, chairman of the County Council of Defense, today recommended a Rushville man for appointment by the state fuel administrator, Evans Woollen, as county fuel administrator. The name of the man recommended can not be divulged until the appointment is made. The state administrator asked that a recommendation be made and also outlined the duties of the county administrator.

It shall be his duty to ascertain the fuel needs of the community with special regard to points of immediate need. He shall also investigate prices and report weekly. He will also be requested by the state fuel administrator to report the gross margin which is charged by each fuel dealer and whether it is excessive. The county administrator will also be expected to investigate the status of contracts between jobbers and operators and industrial plants, especially where contracts call for delivery at prices below the president's order.

Committees to assist the county administrator are advised, but it is suggested as unwise to name any coal dealer on any committee.

DIES 12 HOURS AFTER WOMAN SHE CARED FOR

Mrs. Amy Sanders Expires Suddenly at Home of Mack Wright in Falmouth

HAD LEAKAGE OF THE HEART

Mrs. Amy Sanders of Fairview died very suddenly yesterday afternoon, within twelve hours of the death of Mrs. Mack Wright and at the late home of Mrs. Wright in Falmouth whom she had been caring for during her last illness. Although Mrs. Sanders had been suffering for some time from leakage of the heart, her health was as good as usual apparently until yesterday afternoon, when between three and four o'clock she laid over on the table near which she was sitting and when spoken to by some persons in the room, it was found she had died. Mrs. Sanders was the widow of the late Michael Sanders. She was an active member of the Fairview Christian church.

The funeral arrangements for Mrs. Sanders have not been completed and will not be until the arrival of her brother, Frank Wylie of Adams, Ind. The services, however, will probably be held at the Fairview church.

REINFORCE ITALIANS

Washington, Oct. 24.—French and British reinforcements are arriving daily at the Italian front, official cables from Rome stated. The troop movement is being made by train from train from France. Large quantities of munitions and artillery equipment accompanied the soldiers.

MERCHANTS ASKED TO DO THEIR BIT

One Representative From Each Line to Urge Window Displays Conservation Week

WHOLE COUNTY IN CAMPAIGN

Church Will Devote Service to it and Women Will be Asked to Sign Pledges

Every business man in the city will be asked by the committee in charge of Food Conservation week, to be held here from October 28 to November 4, to aid in putting before the public the purpose of the week and the necessity of co-operating in making it a success.

One representative from each line of business has been asked to see that every other man in that line makes convincing displays in the show windows and throughout the store. Posters will be provided by the Food Conservation committee for this purpose. One merchant from each town in the county has been appointed by the local advertising agent for the week to make complete arrangements in that town with the other merchants.

The churches will devote a part or all of one church service to Food Conservation either on Sunday, October 28, or Sunday, November 4. At this time, a committee will be present to ask women to sign the Food Conservation cards, promising they will do all possible in aiding the government toward the conservation of food. Members of the Psi Chi Xi sorority will be in a number of the downtown stores on every day during the week to explain the purpose of the cards and urge women to sign them.

The observance and success of the week throughout the country is a necessity, for as stated in convincing literature received here by the committee on Food Conservation man, money and food are imperative to win the war. Men and money have been offered plentifully but the conservation of food is harder to get than either of these two.

The bulletins which will be handed out during the conservation week give practical suggestions to the housewives on economical cooking and the use of materials least needed by our Allies. Wheat, meat, sugar and fat, are the materials which Americans are especially asked to economize on, either by using less or substituting materials for them.

BAD FREIGHT CAR SHORTAGE

Railroads Lack 70,000 of Having Enough—Can't Get More.

Chicago, Oct. 24.—With the greatest grain crop in history to move and an army of a million and a half men to feed, combined with the general increase in business has brought about a serious shortage in freight cars. The railroads today faced a shortage of over 70,000 cars and are unable to get any more. The government is requiring for army purposes—munitions and ships—the material for making locomotives and freight cars. Also practically all of the cars now being constructed are being sent to France which is in greater need than this country.

REV. C. S. BLACK SPEAKS

The Rev. Clyde S. Black of the local Methodist church addressed a joint session of the conventions of the Moores Hill and Connorsville district Foreign Missionary Societies of the Methodist church this afternoon at the Methodist church in Greensburg. The Connorsville district convention has been in session at Waldron and the Moores Hill convention at Greensburg.

DIRECTORS ARE ALL RE-ELECTED

Red Cross Officers Are Not Chosen, However, as Quorum of Board Was Not Present

CHANGE IN THE BY-LAWS

Treasurer's Annual Report is Heard, Showing Actual Expense For Year \$115.59.

At the annual meeting of the Red Cross society held in the court house assembly room this afternoon, twelve directors were re-elected to serve on the board of 36 directors for three years. This board of directors was to elect officers for the society this afternoon but due to the fact that a quorum of directors was not present, the election was postponed until a later meeting.

The annual report of the treasurer, Lewis M. Sexton, was heard, showing the actual expenses of the chapter for the year were only \$115.59.

A request was read to send a representative from the local society to an institute to be held in Indianapolis one week from Tuesday to be instructed how to aid the dependents of soldiers who had been called to the colors. It was decided, however, not to send a representative inasmuch as there are very few soldiers who have gone from this county leaving dependents.

It, too, was deemed unnecessary because of the Civilian Relief Committee of the local society, which has been appointed to aid the wives, mothers, sisters or children of the soldiers. Their aid is offered in business matters, in giving advice, or finding relief if necessary. The committee is composed of George C. Wyatt, A. L. Riggs, Mrs. Lewis Sexton, Miss Anne Straight and Mrs. George Aultman. Any cases where relief is needed should be referred to any member of this committee.

An amendment was added to one of the by-laws of the society. Heretofore, the board of directors was elected by a committee of five appointed by the executive board. The amendment provides that any member of the society may suggest at a meeting a director to replace the one suggested by the committee.

Attention was called to the state meeting of the Red Cross to be held in Indianapolis on October 30. At this time, reports from the chapters will be given and suggestions exchanged for methods of work used most successfully.

The annual report of the treasurer, Lewis M. Sexton, was read, showing a balance of \$435.67 in the general fund and \$3,229.80 in the special war fund. The chapter received twenty-five per cent of the war fund subscribed in the county and it may be used for any war relief measures. The report shows the chapter has drawn on the war fund for \$456.

The report on the war fund is misleading, but has to be made in the form it was submitted. The report shows \$7,422.78 still due on subscriptions, but the Carthage auxiliary has about \$2,500 collected which has not been turned over to the treasurer. In reality collections unpaid amount to about \$5,000.

One interesting feature of the report is that the total expense of operating the chapter for a year was \$115.59, which is regarded as exceedingly low. The item on donations for which no memorandum was made is cash received for material sold at the headquarters. The report in detail follows:

Receipts	
3795 Annual Members at \$1 each	\$3795.00
26 Subscribing Members at \$2 each	52.00
1 Contributing Member at \$5 each	5.00
	\$3852.00

Continued on Page 6

TO REPORT COAL ON HANDS

Operators Receive Order From State Fuel Administrator.

(By United Press.) Indianapolis Ind., Oct. 24.—Coal operators today were ordered to report daily to Evans Woollen, state fuel administrator, or the Indianapolis coal trade bureau, the amount of coal they have on hands.

Sixteen more cities were sent coal today by order of Woollen. The coal administration is working on appeals from many other cities, including Connorsville.

GERMAN PRISONERS NOW NUMBER 8,000

Identified as Belonging to 11 Separate Battalions Participating in Great Battle.

GEN. PERSHING SEES VICTORY

(By United Press.) Paris, Oct. 24.—General Pershing, commander of the American expeditionary forces, witnessed the great French victory in the battle of the Aisne yesterday. Today Pershing penetrated deep into the conquered zone.

Prisoners today reached 8,000 including 170 officers, and these of the choicest of the crown prince's troops. Today's official statement said they had been identified as belonging to eleven separate German divisions. Eight full regimental staffs were included in the prisoners taken.

French soldiers fought in the air, on the ground and struck the Germans a fatal blow. This fight will go down in history as the battle of Cavers, the conflict of caverns. The French won the objective.

A battle was fought on the summit of the razor-back ridge, the north point of the ridge being in possession of the Germans. The ridge was honeycombed with caverns, which the Germans had converted into fortresses.

CITY WILL LIKELY BUY SIGNAL LIGHT

Officials at Demonstration Tuesday Night Convinced Rushville Should do Her Part

IT IS PURELY A WAR MEASURE

The city council will in all probability purchase a signal light to guide United States student aviators flying from Wright field at Fairfield, O., to Chanute field at Rantoul, Ill., because it is a government measure. Mayor C. L. Bebout, Councilmen R. F. Scudder and Chase Manzy and A. T. Mahin, superintendent of the water and light plant, were the city officials who attended the demonstration of lights to be used as signals, at the Speedway near Indianapolis last night. E. R. Casady and Jack Knecht, local merchants, also were present.

City officials today were convinced that the city should spend \$85 for the light because the government considers it necessary in establishing a zone in which student aviators may fly by night and not get lost. Other cities included in the zone marked out, which were represented last night, will likewise buy lights, it is believed. Rushville officials at the demonstration said that the Odd Fellows building was the tallest in the city and that the light would likely be installed there if permission to do so were obtained.

HOME GUARD TO MEET

The Home Guard will hold a drill in the corridors of the court house tomorrow night at seven-thirty o'clock.

O. E. ARBUCKLE FINED ONE CENT

I. & C. Conductor Living Here is Convicted on Assault Charge at Shelbyville

ALTERCATION OVER A CENT

Jury Decides it Shall Remain One-Cent Case—Dispute With a Grynneville Man

Shelbyville, Ind., Oct. 24.—The prosecution of the State against E. O. Arbuckle, of Rushville, conductor on the I. & C. traction line, for assault and battery because he ejected W. W. Wilcox from an interurban at Gwynneville, Apr. 27, 1917 following a dispute over a cat fare, still remains a one-cent case. Mr. Arbuckle was tried before Judge Blair and a jury in the Circuit court Tuesday, was convicted and was fined one cent.

The trial was a short one, the jury being empanelled and all of the evidence heard before noon. Commencing when court convened after noon, the attorneys made their arguments, each side having an hour and the case was then delivered to the jury by Judge Blair. The twelve men giving the task of deciding the matter did not find it an easy one and after deliberating till after five o'clock they asked Judge Blair again to read the instructions to them, which was done. The agreement on the verdict did not come until ten minutes after nine o'clock.

Arbuckle was conductor on a traction car of the I. & C. company on which Mr. Wilcox, a resident of the northeast part of this county, took passage on April 27. There being no station at Gwynneville Mr. Wilcox accepted the local tariff of the traction company and paid the five cents fare to Morristown, where he purchased a round trip ticket to Indianapolis, under the company's through tariff, having telephoned ahead for the ticket and getting off of the car and getting it while the stop was made at that town. Mr. Arbuckle demanded that he pay an extra one cent on the ground that the fare from Gwynneville to Indianapolis is fifty-nine cents and Mr. Wilcox, in paying the five cent fare from Gwynneville to Morristown and under the round trip ticket paying fifty-three cents fare from Morristown to Indianapolis was not paying the full fare from Gwynneville to Indianapolis. When Mr. Wilcox persisted in not paying the extra cent demanded Mr. Arbuckle delivered an ultimatum of ejection at Fountaintown and when that town was reached he did forcibly eject Mr. Wilcox from the car. It was alleged that he jerked and shoved him in doing it. His treatment of him in putting him off of the car formed the basis for the prosecution on the charge of assault and battery.

Judge Blair, in his instructions to the jury, said that if from the evidence it should be found that there was no ticket office at Gwynneville, then Mr. Wilcox had the right to ride to Morristown for the five-cent local fare, to get off of the car there and purchase a ticket to Indianapolis, and got back on the car, and that the conductor, after a tender of the ticket so bought, had no right to demand additional pay or to eject the passenger from the car.

YEGGMEN THWARTED

Lafayette, Ind., Oct. 24.—Safe blowers visited the town of New Richmond, 18 miles southwest of here, and blew the outer doors of the safe of the state bank early today but failed to reach the money. They cut all telephone wires leading into the town and escaped in an automobile.

Buenos Aires, Oct. 24.—Sinking of the American steamer Santa Helena with 24 lives lost was reported in dispatches received from Spain.

Heat Your Home Better with Hot Air—Pay Less

See the Estate Hot Storm IN ACTION!

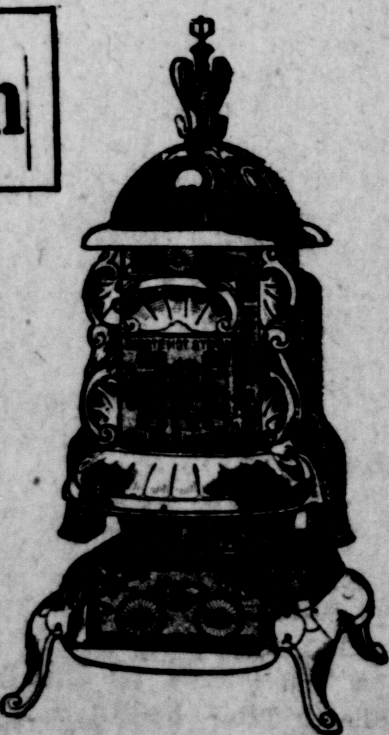

THE WONDERFUL new system of hot air heating that brings the comfort and convenience of a furnace-heated home within everyone's reach will be demonstrated and thoroughly explained by an expert from the Estate Stove Factory at—

Gunn Haydon

Estate Hot Storm

—the Stove with a "Little Furnace" in it

is not a stove, not a furnace, but a heating system that combines the best features of both. It sets in the room like a stove, its exterior looks like a stove, but there the similarity ends. For its interior is utterly different from any stove you have seen—inside it is built like a hot air furnace.

DISMISSES THE PETITION HOGS ARE STEADY

Indiana Gas Association Withdraws Request to Reduce Heat Units.

Indianapolis, Ind., Oct. 23.—The petition filed by the Indiana Gas Association with the public service commission asking permission to reduce the standard of heat unit of gas from 600 to 500 was today dismissed by the commission. The gas companies wished to reduce the number of heat units in order to extract from gas certain chemical elements with which to make explosives. Although this would mean an added income for the gas companies, they asked to make the change without reducing the price of gas.

GAS HEARING TO BEGIN

Indianapolis, Ind., Oct. 24.—The public service commission this afternoon was scheduled to begin hearings on the petitions of the Indiana General Service Company to purchase and absorb the Marion Light and Heat Company and the Muncie Electric Light Company.

ODD FELLOWS NOTICE

Franklin lodge will meet in regular session this evening. Every member of the degree staff is requested to be present for the purpose of rehearsing the initiatory degree preparatory to conferring the same at the next meeting. Business of importance will also be discussed.

Peru—John Volpert has sent President Wilson three ears of corn with Red, White and Blue grains, which he grew in his garden. He is keeping his process secret but next year promised to distribute his samples. He said he took a white grain, a red grain and a blue grain, pressed them tightly together and planted them.

Frankfort—J. F. Ross of this city has abandoned plans for spending the winter in Florida in order to remain in this city and devote his time to exemption board work.

Bluffton—James Hoppes of Redkey was killed when his clothing caught in the fan of a corn shredder.

All cars stop and will be met at Stop 26 on day of George W. Reeve's sale of Spotted Polands which will consist of 75 head of sows and males—Oct. 28th. Sale commences at 11 o'clock.

FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill and all. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, lecithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexion that "all in" feeling and frail bodies are due to lack of lecithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon the lecithin-and-iron peptonate laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to your body and mind that men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the beauty stores, creating conditions that powder and paint way of exacting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life to your body and mind that makes it an incidence that you confront the world on an equal footing with anyone. Hypoferrin may be had at your drug store or direct from us for \$1.00 per bottle. It is well worth the price. The Santanel Remedial Co., Cincinnati, Ohio.

**SUGAR RATION IS
GREATLY REDUCED**

Shortage in Europe Make Allowance Per Person Very Small
—Rules For Restaurants

ALLOWED HALF POUND WEEK

(By United Press.)

Washington, Oct. 24.—Compared with America's average consumption of ninety pounds of sugar per person a year, England and France are almost without this commodity. The English person, who in pre-war times consumed his ninety three and a third pounds a year, is now allowed one half pound a week. In France the allotment is but eighteen pounds a year.

The British government has been careful to announce that it cannot guarantee that even the half-pound allowance can be obtained and a sugar card for a family is issued only for the number of persons sleeping in the house. In a public restaurant, if sugar is taken on cereals, the person must do without sweetening in his coffee. It is now customary for a lady, invited out to tea, to take her sugar with her. She is also expected to bring her own cake.

Personal Points

—L. W. Collins of Chicago spent the day here on business.

—S. S. Garchner of Shelbyville attended to business here today.

—Mrs. D. D. VanOsdol spent the day in Indianapolis with friends.

—G. L. Tremain of Greensburg made a business trip here today.

—Mrs. Will Meredith was among the visitors to Indianapolis today.

—Mrs. Dan Long and Mrs. Will Leach spent the day in Indianapolis.

—Miss Clela King of Connersville visited friends here today, enroute to Indianapolis.

—Mr. and Mrs. Charles Hasty of Milroy have returned home after visiting Mrs. L. L. Ferree.

—Mrs. Elizabeth Hoard left yesterday for a visit with friends and relatives at Plymouth and Kokomo.

—Mrs. Pearl Ball of this city has returned from a visit with her sister, Mrs. R. W. Brooks, of near Greenfield.

—Mrs. A. W. Tompkins has returned to her home in Indianapolis after visiting her sister, Mrs. Sam Morgan for the past few days.

—Mrs. Sarah Henley has gone to Indianapolis for a short visit with Mrs. Donald McIntosh after a visit with her daughter, Mrs. Louis Maunz of this city.

—Mr. and Mrs. DeWitt Thompson of Logansport will arrive tomorrow for a visit with Mrs. J. Wesley Kelly. Mrs. Kelly will accompany them home for a visit.

—Mrs. Davis Richards of Elwood and her daughter Miss Jean of this city returned today from a visit with Dolph Richards, who is in training at Ft. Thomas, Ky.

—Mrs. Miranda Kiplinger, Miss Margaret Ball, Jerome Caron and Bert Conde left this morning in Kiplinger's automobile for Hattiesburg, Miss., to visit at Camp Shelby.

—Lieutenant B. C. Thurman of Ft. Benjamin Harrison visited friends here last evening. Lieutenant Thurman went to Camp Taylor today, where he has been transferred.

—Mrs. Lowell M. Green and children will leave Friday for Hattiesburg, Miss., where they will spend the winter with Lieutenant Lowell Green, who is stationed at Camp Shelby.

—Ed V. Campbell, who is stationed at Fort Sill, Oklahoma, has returned to this city for a sixteen day furlough. He was called here on account of the illness of his mother, Mrs. Charles Hendricks, who is much better.

—Mr. and Mrs. Don Root have returned to their home in Piqua, O., after visiting Mr. and Mrs. L. B. Miller and S. B. Anderson and family. They were accompanied home by Miss Jessie Anderson, who will remain for a week's visit.

Shelbyville—A. L. Rice enjoyed the unusual experience of gathering strawberries while the snow was flying here.

**Royal Baking Powder
saves eggs in baking**

In many recipes only half as many eggs are required, in some none at all, if an additional quantity of Royal Baking Powder is used, about a teaspoon, in place of each egg omitted.

Try the following recipes which also conserve white flour as urged by the government.

Corn Meal Griddle Cakes

1 1/2 cups corn meal
1 1/2 cups boiling water
1/2 cup milk
1 tablespoon shortening
1 tablespoon molasses
1/2 cup flour
1 teaspoon salt
4 teaspoons Royal Baking Powder
NO EGGS

Scald corn meal in bowl with boiling water; add milk, melted shortening and molasses; add flour, salt and baking powder which have been sifted together; mix well. Bake on hot greased griddle until brown.

(The Old Method called for 2 eggs)

**Eggless, Milkless, Butterless
Cake**

1 cup brown sugar
1 1/2 cups water
1 cup seeded raisins
2 ounces citron, cut fine
1/2 cup shortening
1/2 teaspoon salt
1 teaspoon nutmeg
1 teaspoon cinnamon
1 cup flour
1 cup rye flour
5 teaspoons Royal Baking Powder

Boil sugar, water, fruit, shortening, salt and spices together in saucepan 3 minutes. When cool, add flour and baking powder which have been sifted together. Mix well; bake in loaf pan in moderate oven about 45 minutes.

(The Old Method [Fruit Cake] called for 2 eggs)

Send for our new booklet "55 Ways to Save Eggs." Mailed free on request. Address Royal Baking Powder Co., Dept. H., 135 William Street, New York

Amusements

"The Butterfly Girl," is the title of the photoplay to be presented at the Gem theatre this evening with Margarita Fisher in the leading role. An interesting romance is worked out in the story. Stuart Holmes takes the leading role in the five reel picture to be given tomorrow afternoon and evening, titled "The Derelict." It is a Mutual production.

Aside from the Hearst-Pathe News at the Princess tonight, depicting the latest war news, Mme. Petrova, a movie favorite will appear on the screen in the leading role of "Bridges Burned." It is a Metro production and the five reels portray a story of an independent girl and her love affairs during the great war in Europe. A blue Ribbon Vitaphone feature will be shown tomorrow in which Alice Joyce, and Harry Morey take leading parts in "The Question."

Oliver Morosco's production of Richard W. Tully's pulsating Hawaiian romance "The Bird of Paradise" will be the offering at the Murat Theatre, Indianapolis, for one week with matinees, Wednesday and Saturday beginning Monday evening, October 29. It comes this season with an entire new scenic investiture and a complement of players said to be superior to that seen in several years. This will be the sixth visit of America's favorite drama.

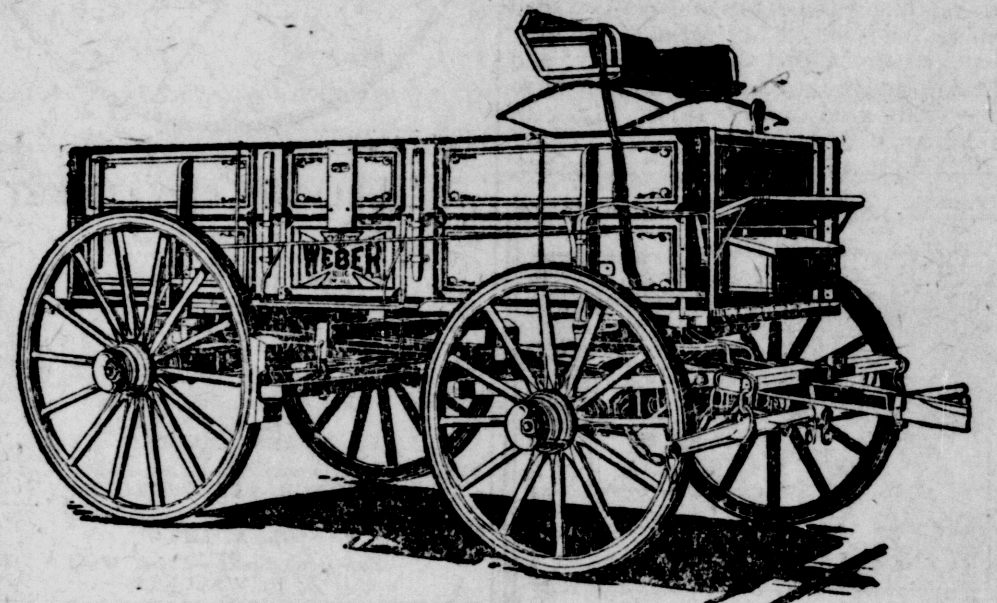

The cast this season includes Marjorie Hutchinson, who for five seasons has been playing leading roles in A. H. Woods' productions. She will be seen as "Luana," the little "Kanakas," who tries so hard to be a credit to her white husband, but fails miserably and ends it all by plunging into the seething volcano.

Prominent among the other members of the company are Forrest Stanley, as Dr. Wilson, who degenerates under the tropic spell; John Richardson as the "beach-comber" who regenerates through his love for an American girl; Roberta Forrest as Diana, James Applebee, Jack Ellis, James Nelson, Rose Watson, Maude Farrington, Maude Melville, James Glasgow and A. Francis Lenz. Then there are the Hawaiian singers, dancers and musicians. These natives are credited with making Hawaiian music popular in this country and giving the proper atmosphere to the play.

The scenes are laid in the Hawaiian Islands. The three acts disclose a beach cave on the Puna coast; interior of a native house; a villa near Waikiki beach, Honolulu; approach to Mt. Kilauea and the marvelous realistic and impressive volcano scene, called by the natives on the island "the house of everlasting fire."

The theme of "The Bird of Paradise" is the degeneration of one race when brought into close contact with an inferior civilization. It is an alluring and tragic story of the tropics in settings of gorgeous splendor to the haunting and wailing notes of the ukulele.

"The Bird of Paradise" is proclaimed throughout the country by dramatic critics "the best liked play in America." Its success all these years is attributed to the fact that Oliver Morosco has never sent out

**Come In and See the Weber
Here Are More Big Points**

YOU will be interested in looking over the hound, hub, skein and skein box construction. On the Weber the hounds are of straight-grained oak; on the front gear they are of the same type, wide and roomy in the rear, to give the reach ample support in turning short. They are mortised and well braced with solidly welded steel. Hubs are of white oak only, turned, shaped and bored accurately for the skein boxes. Skein box is made so that a grease chamber is formed. A solid collar keeps the oil away from the wood of the hubs. Mud and sand cannot get into the axle and the skeins cannot wear into the skein boxes. That means long life and good service.

These are all reasons why you should have a Weber wagon—that is—if you want a wagon for real work. Come in and let us show you.

Uric Acid!

Ever since the discovery of Scheele in 1775 that uric acid was found within the body—most eminent physicians agree that rheumatism is caused by it; also many distressing symptoms as headache, pain in back, stomach distress, swollen feet and ankles, gout, etc.

It was Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y., who discovered a new agent—called Anuric, a harmless remedy that if taken before meals will carry off the uric acid from the system and in this way the pains and aches, the creaky joints and all the distressing symptoms of rheumatism and other maladies disappear. You can easily prove this yourself, by obtaining Anuric (double strength) at almost any drug store, or send Dr. Pierce 10c. for trial package. Try it and be convinced that Anuric is many times more active than lithia and eliminates uric acid as hot water melts sugar.

WORN-OUT, OVER-WORKED WOMEN, HERE IS ADVICE FOR YOU.

Hammond, Ind.—"Some time ago I read the 'Medical Adviser' by Dr. Pierce. I was poorly—had trouble from which women suffer and was worn out from over-work. I took three bottles of 'Golden Medical Discovery' and three of 'Favorite Prescription.' I found that they not only made me feel better but cured all my trouble so that it never returned. My husband said these were the best medicines he ever found for me. I have consulted the 'Medical Adviser' often and found it lead me along the right lines to get such help as I needed in my work of nursing. I have recommended the 'Discovery' and 'Prescription' to my friends and they have successfully used them."—MRS. MARY J. NICHOLAS, 679 Oakley Ave.

GOOD PROVIDER'S FAMILY

She's found a grocery that sells the best of food. So my wife tells!!

My wife's telling all her neighbors all about the polite service and the quality goods to be found at this grocery shop. And she says their business is increasing by leaps and bounds.

Go Hand in Hand

Three billion dollars would not buy a bushel of wheat in a country in which there was not a bushel of wheat to buy. Without food money can not talk. It can not even stand up and walk.

Herbert Hoover has said, and rightly said: "Food will win this war." Food is the fundamental problem.

Our allies are dependent upon the United States for their food reserves. If we fail them they are lost. If we fail them when their vital need is for food, no contribution of funds, no gathering together of wealth will sustain them.

There is now in progress in this country a great experiment in applied democracy. An endeavor is being made to ascertain whether or not it is possible to unite the people as an organized force back of a food control program and unite them as a result of a popular appeal.

At the present time food administration in this country is in the hands of the people. The Food Pledge Household Enrollment Campaign, October 28 to November 4, represents an endeavor to bring about a popular, voluntary agreement regarding the steps the people as a whole should take in maintaining the food reserves, the vital necessity for the success of the allied cause in the world war.

The endeavors of the United States in connection with the war must be well rounded and balanced if they are to be effective. Without funds our Government can not perform the task at hand; without food our allies can not be sustained in their endeavors. An appeal to the American public has been made in behalf of the Second Liberty Loan of 1917. The loan will be oversubscribed. It becomes the duty of our people, however, to see to it that the funds contributed by patriotic citizens do not go begging in the market for food stuffs that do not exist.

The Food Pledge Week Campaign and the campaign being made on behalf of the Liberty Loan are not rival endeavors, they are each part of a program, every feature of which is vital at this time. If we conserve our food supplies then all the other needs of our allies can be met. If we fail to conserve our food supplies then all our financial endeavors in behalf of our allies may prove in vain.

Farmers Money Needed

More money is invested in agriculture in the United States than in any other single business. More money should be invested in Liberty bonds by those engaged in agricultural pursuits than in any other business.

Marriage Licenses

Issued 50 Years Ago

A marriage license was issued fifty years ago today to Ruth F. Carr and William B. Pee and they were married the same day by the Rev. John Wiseman.

In every war in which the United States has been engaged the enlistments show that the farmers have been staunch supporters of the government. They may not be the most emotional people, but they have always been dependable. Their life and toil make frugality a necessity, but when any great national emergency arises or appeal is made that they understand, they have always responded generously, and they always will.

Sale of Liberty bonds is one of the necessary functions of the government at present that the army and navy may be properly supported. "Uncle Sam" has made an appeal directly to the farming element of the nation and has taken great pains to explain the reasons why investment in these securities is preferable to taxation.

The farmers of the United States, living up to their reputation of the past, are expected to contribute heavily to Liberty bonds. Not only to this issue but to all succeeding ones—and there will be several more unless there is peace with Germany within a few months.

Criticisms of the farmers of the nation for apparent apathy toward the Liberty loan and efforts to get exemption from military service have been made recently. It is now "up to the farmers" themselves to show the world that this criticism was uncalled for, that they are as patriotic as their predecessors in these agricultural pursuits, and the only way to do this to the satisfaction of the government and the public is for the farmer to subscribe heavily of his new found wealth, gained from bumper crops raised this past season, and to enter the National army cheerfully when called upon by the authorities.

Otherwise the farmers of this nation will stand convicted, as a class, in the eyes of the people of this country and before our gallant allies in France and Great Britain.

Not Enough Action

Dr. Garfield, national fuel administrator, continues to thunder in the index. He issues resounding statements, threatens condign punishment to operators and miners if coal production is not maintained at a high level, intimates a readiness to commandeer stocks and to take over and operate the coal mines—yet many sections of the country remain without adequate supplies of coal. The machinery of the fuel administration would seem to be ample, its personnel is certainly large enough, its powers are undoubted, and its funds cannot be low. Yet the fuel situation shows slight, if any improvement. Is it not time to quit talking and to begin doing something?

One hundred thousand women are working for the Liberty Loan. Volunteers under the Woman's Liberty Loan committee and the Woman's Committee of the Council of National Defense have joined forces. Dr. Anna Howard Shaw of the latter organization, having directed all chairmen under her to give entire co-operation to the chairmen of the second Liberty loan. The splendid work of these women has been a power of tremendous value to the government in making this issue of Liberty bonds a complete success.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

WANT ADS BRING RESULTS

There is a Moral Obligation

which rules every act of our lives. The mature man who does not recognize and meet, in the main, these obligations to society, so far as his ability will permit, is a social outcast.

In a crisis such as our country is now facing, the lines are naturally more strictly drawn, and every man is held accountable for service in her hour of need.

It would seem that the least service that any many could render would be to loan some of his money to his Government at a good rate of interest.

Come in and buy a bond. Tell us how you want to pay for it. We will do the rest, take care of all the details and deliver the bond to you without expense to you or profit to ourselves.

On the partial payment plan, you will receive interest on all you have in, and no interest charge will be made by us on deferred payments.

Rushville National Bank

Second Liberty Loan

An Investment--Not a Gift!

\$1.00 per week buys a \$50.00 Bond in 50 weeks.

\$2.00 per week buys a \$100.00 Bond in 50 weeks.

We know that all of our people desire to assist and this plan is for their convenience. We buy the Bond and carry it for you until fully paid.

Put your dollars behind old Company B, the Sanitary Detachment and all of our other boys who have joined the Army and Navy. They are doing their bit; it is up to you to get behind them with your dollars.

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

COLORING IN FOOD IS NO AID

Barnard Points out Decorated Products Are no Improvement on Nutrition Value

MARISCHINO CHEERY EXAMPLE

Sometime Looks Better Colored But Taste is Same—Unpolished Rice Best

Indianapolis, Ind., Oct. 24.—H. E. Barnard, state food commissioner commented today on present day notions that foods must be colored, bleached or decorated and otherwise made beautiful to make it suitable for nutrition. His statement follows:

"Savages believe that a ring in the nose of a woman makes her more beautiful. We hold the same belief but hang the rings in the ears of our helpmates, where they are less in the way at dinner and where twice as many can be used because Nature is more generous in the way of ears than noses. Our singular ideas of improving the beauty of women are duplicated by food manufacturers in decorating the products which they prepare as feasts to our eyes and stomachs.

The marischino cherry is a beautiful illustration of the length to which a manufacturer will go to improve Nature's handiwork. The cherries are first bleached with chemicals to remove their natural color; the stone is taken out and the cherry soaked in glucose which hardens and swells the tissue; it is then given a bath in aniline dye, comes out a brilliant red or blue or green, ready for the greedy eyes and uneducated palate of the consumer.

"The miller who bleaches his wheat does so because he thinks housewives prefer the ghostly white color of bleached flour to the creamy yellow of the normal flour. The coffee dealer who runs his green coffee through polishers is working to the same end. He is doing his best to beat Nature and while doing it to make the inferior berries look as if they came from bags marked A-1.

"The trick of the rice miller who coats his rice with talc and glucose works the same way. And so does the butter maker who work yellow color into his January churning in the hope that his customers will be the better pleased because it is not a whit less attractive than his June product which was colored naturally by the cows on the green pastures.

"But the human family is not the only one to be imposed on by these rectifiers of natural beauty who would paint the lily or put new colors in the spectrum. Even the horse who sticks his nose into a bag of oats runs into deception. Oats sometimes get off color. What is easier than to restore their pristine brightness by bleaching them with sulphur just as the urbane Green restores the freshness of last year's straw hat.

"We may not all agree as to the virtues of nose and earrings as attributes to the beauty of woman, but we can surely find no fault with the argument that our foods need no deceptive decoration to make them suitable for our nutritional demands."

CABINET IS READJUSTED

French Premier May be Ousted Following the Upheaval

Paris, Oct. 23.—After 24 hours of confusion, Premier Painleve had apparently readjusted his cabinet this afternoon by switching former premier Ribot from foreign minister to minister of state.

The ministers attempted twice to resign in a body. In making a place for a new foreign minister, it was believed Painleve would manage to survive the shake-up although several Paris newspapers this afternoon thought he would be forced to make room for Socialists.

Warsaw—Warsaw is suffering from a milk shortage due to the action of the Winona Lake dairy in suspending business. The Snyder dairy has been unable to meet the demand. Families where there are children are receiving first consideration.

INDIANA'S GOAL IS ONE MILLION

Twelve Million Volunteers Minimum to Enroll During "Conservation Week"—In U. S.

SEVERAL STATES TO REPORT

Washington, Oct. 24.—Twelve million of America's 22,000,000 housewives is the minimum number the food administration's army of 500,000 volunteers is sure to enroll in the food saving campaign during "Conservation Week," October 28 to November 4. Indiana alone has promised a million, which is a much higher goal than most States have set. To get it's million pledge card signatures, Indiana will have to enroll a large number of men as well as women.

With Pennsylvania, Missouri and the District of Columbia yet to report, 12,600,265 is the sum of family enrollments which each States has set, through it's federal food administration and food pledge campaign managers, as the lowest number that can be expected. There is no telling how much larger the final number may be after the family-to-family drive has been completed on November 4.

A million and a quarter housewives have already signed the food administration's pledge card. This enrollment was obtained with the most informal organization, and very largely through newspaper and magazine publicity. To enlist the remaining 8,150,735 families of the nation is an immense task, but with the half-million volunteer campaign workers organized and trained for the effort, the food administration is confident of the outcome. Indiana's minimum quota is one million.

EXPECT SUPPLY OF SOFT COAL VERY SOON

Dealers Say West Virginia Product is Now Being Sent Down The Ohio River

SHIPPED FROM CINCINNATI

Rushville coal dealers are very optimistic about getting a supply of good soft coal here very soon, but the prospects for hard coal are very dim, they say. Local dealers declare that most of the trade here wants a good grade of soft coal and Indiana and Kentucky coal, which can be obtained, is not in that class. They say that the demand is mostly for West Virginia coal, which costs a little more, but which is cheaper in the end.

One coal man yesterday said it had been impossible to get West Virginia coal here because it had not been coming down the Ohio to Cincinnati where it could be shipped to the middlewest states. He declared that a movement of coal from the West Virginia mines had been started and that there would be little trouble in getting shipments out of Cincinnati in a few days.

Crawfordsville—A school for telegraphers will probably be started here under the direction of the United States signal corps.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

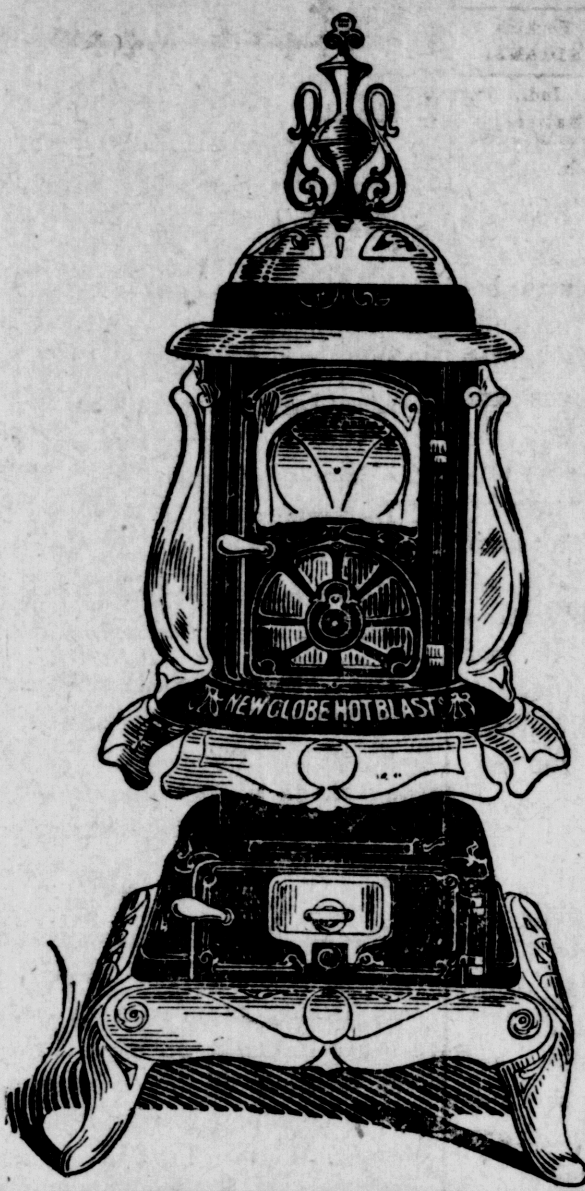

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Remember that the heaviest hogs are the spotted Polands and a cross with any other good breed, come to Reeve's sale and see the offering—Oct. 28th; on I. & C. traction, stop 28. All cars will be met. 18814

Here's a Heater That—Eats Smoke

Burns Cheap Coal!
Holds Fire!
And Saves You Money!

Here is a heater that burns the smoke and gases, cuts your coal bill, holds fire for two days, warms the floor and is an ornament in any home—your home.

You know, some folks never think to look into a heater's construction, but that is a most important thing to consider. Study the construction of the GLOBE HOT BLAST. Then you will see why this Globe will return in comfort, fuel-saving, heat and everlasting satisfaction the few dollars you invest in it.

Questions

that are frequently asked about

The Aeolian Vocalion

PHONOGRAPH

Do you have to change the needles?

No, you do not. That is, if you are content to play one brand of records exclusively.

Does it play any record?

Yes, it plays any disc record that is made, and plays it well.

Do you have to stop it?

No, it stops automatically.

Do you have to muffle it to obtain the soft tones

No, it is provided with what is known as the Graduola, with which you may grade the tone to suit your fancies.

If you are in the market for a new Phonograph, you will do well to investigate the NEW AEOLIAN VOCALION Before You Buy.

Mrs. Clara Bebout, assisted by Mrs. Minnie Abercrombie and Mrs. Sam Morgan, entertained the members of the Ladies Aid Society of the Methodist church, yesterday afternoon at her home in North Morgan street. Vases and wall pockets of chrysanthemums were used throughout the home. The first part of the afternoon was given over to business, during which time the ladies decided to serve a lunch at the ministerial meeting, which will be held here November 2, and plans were completed for the winter. Two new members were taken into the club, Mrs. Herbert Gilson and Mrs. R. W. Noyer. The Rev. Clyde S. Black, pastor of the church, and Mrs. George Hogsett sang a duet, "He Was Nailed to the Cross." The hostesses served refreshments to the fifty-two members, who were present. Mrs. Budd will entertain the society in two weeks.

A pretty fall wedding was solemnized this morning at the Catholic church at eight o'clock, when Miss Bertha Miller, daughter of Mrs. Julius Miller of Mays, became the

bride of Oscar Hood of Raleigh. The Rev. M. W. Lyons performed the ceremony. The bride was becomingly dressed in a Burgandy broadcloth suit with hat to match and old ivory colored gloves and shoes, and carried an immense shower bouquet of white chrysanthemums. The only attendants were Miss Edna Hood of Raleigh, as maid of honor and Orville Hood of Indianapolis, cousin of the bridegroom, best man. Miss Hood was dressed in blue and carried a bouquet of pink chrysanthemums. Mr. Hood will leave for Camp Taylor with the next increment of selected men.

Mr. and Mrs. William B. Poe are celebrating their fiftieth wedding anniversary at their home in North Morgan street today by entertaining the members of their family, Mrs. Rena Warner of Indianapolis and Mr. and Mrs. Jesse Poe of this city at dinner this evening. The decorations for the dinner table consist of yellow chrysanthemums. Mr. and Mrs. Poe have made their home in this city for the past fifty years and Mr. Poe is still in business with his son, Jesse Poe.

The Loyal Daughters class of the Christian church had a delightful meeting with Miss Bessie Morris last evening at her country home, north of this city. Mrs. Ray Gartin, Mrs.

Social Calendar

Thursday

Pirate Bridge club with Mrs. Will Bliss, 550 North Perkins street.

Priscilla Art club with Mrs. Jack Rees at her home in Raleigh.

Catholic Aid society with Mrs. Ed Caldwell, assisted by Mrs. John Cooning.

Yomo club with Mrs. Russell Barringer, 1032 North Perkins street.

Charles Frank and Miss Fern Finley were the assistant hostesses. Twenty-seven of the class were present. Rook made a lively pastime for the guests and light refreshments were served.

Mrs. J. T. Arbuckle will entertain the members of the Social Dozen club, Friday afternoon at her home in East Seventh street. This is the first meeting of the winter and all of the members are urged to be present.

The teachers and officers of St. Paul's M. E. Sunday school will have an important meeting, in which to plan for a fall rally, at the church following the regular prayer meeting service Thursday evening. A large attendance is urged.

Mrs. Guy Abercrombie of this city, district chairman of the Sixth District Federation of Clubs, is in Fort Wayne attending the meeting of the State Federation of Clubs and will remain until Friday evening.

Miss Eva Alpha, daughter of Mrs. Alice Alpha of Manila and Oscar Passmore, son of Mrs. Mary Passmore of Manila were quietly married at the Beer Hotel at noon, the Rev. D. Ira Lambert of the First Presbyterian church officiating.

Mr. and Mrs. Ray Beaver entertained with a six o'clock dinner last evening at their home near Glenwood, in celebration of their fiftieth wedding anniversary. A large bowl of chrysanthemums embellished the center of the prettily laid table and little golden bells made appropriate place cards. Covers were laid for twenty-four guests.

ASPIRE FOR MAXIMUM LIBERTY LOAN QUOTA

Continued From Page 1
city. A Liberty Loan bond was loaned to Mr. Morris by the Rushville National bank to display at the meeting. It is the first Liberty Bond which has ever been seen here. A program of music had been prepared for this afternoon's meeting. Mr. Morris was accompanied to New Salem by A. L. Gary and other Rushville citizens.

The Liberty Loan meeting at the Andersonville U. B. church last night was productive of good results, an estimated subscription of \$4,000 being made by the people in the audience. All of this applied on Franklin county's quota except one \$50 bond which was purchased by a Rush county man at the meeting. Addresses were made by Judge Will M. Sparks and John D. Megee of this city, Judge Raymond Springer of Connersville and A. J. Ross of Andersonville. In addition to the two speakers from here, George W. Young and A. L. Gary attended the meeting.

A statement received this morning from reserve district headquarters at Chicago ranked Rush county in third place among the 69 Indiana counties in the district in the per cent of Liberty Loan quota subscribed. The report covered all subscriptions to the close of business last Saturday. This is the highest position ever held by this county. The last report showed the county in fourth place, but today's statement reveals that Rush county has shoved Fayette county out of that coveted position. Newton county leads with 88.9 per cent of the quota subscribed and Dearborn second with 83 per cent.

Bluffton—Charles Frauhiger lost his right arm when he got it caught in a ditch rigging machine.

Bedford—One apple tree in the orchard of the Burton Fruit Company yielded one hundred and thirty bushels of apples.

CAMP SHELBY IS BEYOND ITS GOAL

Subscribes For More Than \$1,250—
600 Worth of Liberty Bonds
And Moves Up Mark

BROADWAY REVIEW NOW ON

Redpath Attraction Opens at Camp
Tuesday Night—Logs Being
Used For Cannon

(Special to the Daily Republican.)

Camp Shelby, Miss., Oct. 24.—Camp Shelby has reached the goal it set for the Liberty Loan campaign. The soldiers here have taken \$1,250,000 worth of Liberty Bonds and the goal has been moved up another notch to \$1,500,000. The news that the mark had been reached spread quickly through the camp and men and officers cheered wildly. It was stated that though the goal has been reached Camp Shelby no longer leads the camps throughout the country, but has dropped to third through the wonderful sport shown by Camps Grant and Sheridan. However, this camp still is ahead in point of per capita subscriptions, with \$60.98 per man.

Though the goal has been reached work on the sales of bonds has not stopped. Instead the campaign will be continued and it is understood that another goal—\$1,500,000—had been set to work for. And it is confidently believed that the new mark will be reached before the time limit set.

Great rivalry has existed throughout the campaign between the different units and the men from the three states represented among the troops here, for the high mark in subscriptions. It was stated today that high honors in this regard up to the present time are held by the One Hundred and Forty-ninth Infantry, formerly the Second Kentucky, whose subscriptions total \$153,000. Next comes the One Hundred and Fifty-second Infantry, formerly the Second Indiana with \$138,000. The One Hundred and Fifty-first Infantry, the old First Indiana, is third, with \$133,550.

The Redpath Activities Commission opened its tented auditorium at Camp Shelby last night at seven o'clock with a big musical offering, the Broadway Revue, which comes here direct from New York City. A company of sixteen presented this bright and tuneful musical tabloid. The attraction will remain at the camp for the remainder of the week.

Camp Shelby is just one of the 32 cantonments where the big and picturesque brown tents of the Redpath Chautauqua have been pitched. Musical tabloids, high-class vaudeville, standard lyceum and chautauqua attractions, dramatic features—in short all forms of wholesome entertainment will be circulated over the 32 army camps at moving picture prices, with no profit to anyone.

The Redpath Activities Commission is operating under the War Department commission on training camp activities.

The big tent is located in the center of the camp, near "Y" No. 4. The tent is well equipped with a good stage, lighting and seating and will be made warm and comfortable in every way.

Logs mounted on wagon wheels are being used by artillerymen in their maneuvers. The logs are in some cases artistically painted and from a distance of a few hundred

VINOL MAKES GOOD BLOOD

Positive—Convincing Proof

Many so-called remedies for anemia are only so in name. Their makers are afraid to prove their claims by telling what their medicines contain.

The only way to be honest with the people is to let them know what they are paying for. Here is the Vinol formula. When the doctor knows what a medicine contains, it ceases to be a "patent" medicine.

Dr. Cod Liver and Beef Peptonase, Iron and Manganese Peptonates, Iron and Ammonium Citrate, Lime and Soda Glycero-phosphates, Cascaria.

Any doctor will tell you that the ingredients of Vinol, as named above, will enrich the blood and banish anemia and create strength. When the blood is pure and rich and red, the body is strong and robust.

You can prove this at our expense because your money will be returned if Vinol does not improve your health.

F. B. JOHNSON & CO., Druggists, Rushville, and at the best drug store in every town and city in the country.

yards can scarcely be detected from "regular" cannon.

Real fighting implements are expected to be delivered to the field artillery organizations within the next few months, but it is explained that the demand is so great on the manufacturers of heavy guns that it is impossible to supply guns for practice just now. The men say that their painted logs answer every purpose for practice—except for target practice.

With nearly all units complete, with the exception of the drafted men, and all camps made, the attention of the men is being given largely to drill and war maneuvers. Squads, platoons and companies may be seen on the drill grounds and open spots about the camp morning and afternoon going through bayonet practice, Swedish setting-up drills, wig-wag semaphore and other systems of signaling and drills of many kinds.

The French classes for enlisted men at the camp are growing so large that the Y. M. C. A. men have called for more instructors from the ranks. The classes are taking a great interest in their studies and are making good progress.

Big football games will be seen in Hattiesburg and at Camp Shelby soon. Mr. Dixon, athletic director, is arranging a big number of contests, both between the organization teams at camp and with outside college elevens.

WITNESS IS REPRIMANDED

Clarksburg Man Told he Must Testify Before Grand Jury

Greensburg, Ind., Oct. 24.—Charles Bohannon, a resident of the Clarksburg neighborhood was taken before Judge Donaker in the Circuit court yesterday when he refused to answer certain questions put to him in the grand jury room, and it did not take this jurist many minutes to set Mr. Bohannon right.

Judge Donaker informed Mr. Bohannon that he must answer such questions as were put to him by the grand jury to the best of his ability and veracity, or his refusal to do so would be held as an act in contempt of court and there was only one way open then—the county jail.

GROCERS TO CO-OPERATE

A. Bogue Addresses Richmond Dealers About Food Prices

Richmond, Ind., Oct. 24.—A resolution was adopted Monday night at the meeting of the Retail Grocers in the Commercial club rooms to co-operate with Food Administrator Hoover. Grocers agreed to do all in their power to lower the present high prices of foodstuff.

Speculation in food will be discontinued after November 1 according to A. Bogue of Rushville, who addressed the grocers.

All cars stop and will be met at Stop 26 on day of George W. Reeve's sale of Spotted Polands which will consist of 75 head of sows and males—Oct. 26th. Sale commences at 11 o'clock. 1881f

A Hard Winter

Yes, you have heard it prophesied by the old timers that this winter is going to be a hard one.

YOU CAN DO YOUR BIT

and lessen your winter hardship by making the same clothing do this winter that you wore last. If it is a little shabby in appearance, a little soiled or mused, don't let that worry you. After a trip to our dry cleaning, repairing, altering and pressing departments you will not recognize it.

FIRST AID MEN BEING TRAINED

Two Hundred Thousand First Aid Experts Are Trained by American Red Cross

COURSE ALSO OPEN TO WOMEN

Car For Instruction of Railroad Men Has Just Finished a Three Months Tour

By GEORGE MARTIN
(U. P. Staff Correspondent.)

Washington, Oct. 24.—The American Red Cross has developed and trained nearly two hundred thousand first aid experts in the last six months, it was learned today.

They are all men, and all available for war service if needed. The course of instruction, which is in the hands of seven thousand Red Cross physicians and surgeons throughout the country, also is open to women.

Nearly a hundred thousand railroad men, half as many lumbermen and as many quarry men have received instruction in "first aid" this year.

This work covers the stoppage of hemorrhages, resuscitating following drowning or gas asphyxiation, the carrying of injured persons and many other phases of first aid, especially in the hazardous industries.

The course covers ten lectures, supplemented by the requisite practical work at the conclusion of which certificates are issued to those completing the course satisfactorily.

The Red Cross has two "first-aid" cars for the instruction of railroad men, one of which has just finished a tour of three months giving instruction to the railroad men.

Through these courses the First Aid Division of the Red Cross is building up a reserve of trained men available not only for Red Cross war service but also for sanitary training detachments to provide a sanitary reserve for the Army and Navy.

IS PLEASED WITH RESULT OF AUCTION

"Dusty" Miller Receives \$202.50 an Acre For His Farm and Says It's Worth Money

PERSONAL PROPERTY \$3,832

"Every bid I received on my farm yesterday was from a Rush county farmer," said "Dusty" Miller today, "which shows what I always contended, that Rush county farmers are the best judges of land on earth. It was a good farm and was well worth the money. I advertised the sale all over southern Indiana, but I got the results from Rush county. It's Rush county against the world."

The sale of the farm by auction was probably the first one of its kind on record in the county. The farm brought \$202.50 an acre under the hammer, the total consideration for 73 acres being \$14,782.50. Riley Stevens of Richland township was the successful bidder. The sale of personal property on the farm amounted to \$3,832. Mr. Miller said he was very much pleased with the results of the sale.

GET DRUGS FREE

Lafayette, Ind., Oct. 24.—Purdue University students are to receive their drugs free, if they take sick while attending school. In co-operation with the University health service, the pharmacy school is now filling, without charge, prescriptions written by the University physician. The arrangement has a double value. It gives students in the School of Pharmacy the actual practice that is necessary to their training and it insures, at the same time, the better health for the entire student body.

GIVE SOLDIER A BOND

Washington, Oct. 23.—Liberty Bonds for Christmas presents for United States soldiers in France was suggested by U. S. Treasurer William G. McAdoo. He urged all who intended making a present of jewelry or other valuable gifts, to give a Liberty Loan Bond instead.

Days Pickings

Melvine Brooks is ill at his home in North Jackson street.

George Winkler, son of Mr. and Mrs. Jess Winkler, is suffering with yellow jaundice.

Tax collections at the county treasurer's office yesterday amounted to \$11,422.99.

A marriage license was issued today to Miss Eva Alpha and Oscar Passmore of Manila.

The Milroy high school basketball team will play the Sandusky high school quintet Friday night at Milroy.

Miss Ida Dixon received word yesterday of the death of her uncle, Peter Dixon, who died at his home in Burlington, North Carolina, Sunday.

The new fire truck bought by the city was shipped from Elmira, N. Y. Oct. 17, but has never arrived here yet. A bill of lading for the truck has been received.

In the suit of C. J. and Nanny Biekhart against Owen L. Capr, which was sent to Shelby county on a change of venue, a motion has been filed asking for a special judge.

A fire at the home of William Dunn, 419 West Third street, was extinguished yesterday with a bucket of water by Fireman Smith. A sill of the house caught fire from the grate.

E. R. Casady and Paul T. Allen have sold the general store which they recently purchased at Danville, Ind., to a Cincinnati firm and Mr. Allen, who has been managing it, will return to Rushville and resume his duties at Casady's store.

Lieutenant Francis L. Coyne of this city, attached to a machine gun company of the 335th regiment at Camp Taylor, Ky., has been assigned to the physical culture section of the regiment as an instructor, according to dispatches today from Camp Taylor.

Congressman Richard N. Elliott of Connorsville, representative of this district in congress, addressed a Liberty Loan meeting at Shelbyville today. He is devoting all his time to the campaign, having just returned from a tour of the southern part of the state.

Joe Hitt, son of Mr. and Mrs. Will Hitt, who is in an aviation squadron and has been stationed at San Antonio, Texas, has been transferred to some point in Oklahoma, according to word received here. He is now in the 137th squadron. Orla Price, also in the aviation section, who has been at San Antonio, has been transferred to New York and will go to France in about a month.

INDIANA HARD AT WORK

Indianapolis, Ind., Oct. 24.—In accordance with proclamations issued by President Wilson and Lieut. Gov. Bush, Indiana Liberty Bond backers today made their greatest efforts to dispose of the government bonds. Liberty Loan Day found the state well along in its campaign for sales of the bonds and leaders were confident that Indiana would rank well up among the states in this work.

FORTUNE UNDER N. Y. STREETS

New York, Oct. 24.—Experts estimate the copper wires and lead protection-cables used in transmitting telegraph-cables used in transmitting of New York City at thirty million pounds of copper worth approximately seven million, five hundred thousand dollars and four million pounds of lead worth about four million eight hundred thousand dollars.

WILTSE'S BROTHER DIES

Harry Wiltse of Bluffton, the brother of George Wiltse of this city died this morning at eight o'clock at his home in Bluffton after an illness of only two days caused by blood poisoning. Mr. Wiltse was 30 years old and is survived by a widow and 5-year-old son. Upon hearing of his illness, George Wiltse of this city went immediately to his bedside yesterday. Mrs. Wiltse and Mrs. Etta Sellers left today for Bluffton to attend the funeral.

ASPIRES FOR THE MAXIMUM BOND QUOTA

Rush County Hopes to Reach \$994,000 in Subscriptions After Meeting Tonight

TWO SPEAKERS ON PROGRAM

Today's Report Shows \$600,000 Subscribed, Which Puts Rush County in Honor Roll

MEETINGS IN THE COUNTY

Celebration at New Salem This Afternoon and One at Andersonville Last Night

RUSH ON HONOR ROLL

Indianapolis, Ind., Oct. 24.—Twelve Indiana counties today were on the honor roll of having passed their minimum allotment in the Liberty Loan bond sale. They were: Bartholomew, Dearborn, Decatur, Leitch, Delaware, Franklin, Madison, Parke, Rush, Shelby, Union and Wayne. Dearborn county has only \$94,000 more to raise before doubling its minimum quota of \$400,000.

MUST STRIKE HARD.

Atlanta, Ga., Oct. 24.—"America must strike hard now and win, else the great war will be fought again with this nation probably alone in beating down the Teuton."

Secretary of the Treasury McAdoo voiced that warning here today in a speech for the Liberty Loan. "If the war is carried to a successful ending, then our liberty will never be imperiled again," he added.

After the Liberty Loan meeting here tonight at 7:30 o'clock, the Liberty Loan committee hopes to report tomorrow that the county has reached its maximum quota, which is \$944,000.

The county today passed its minimum quota of \$590,000 when the reports from the banks in the county showed a total of \$600,000 subscribed. This was very gratifying to the committee since a gain of \$100,000 was made the day before the gain over yesterday's report amounted to more than \$50,000. Today's report places Rush county in the honor roll, which includes all counties reaching their minimum quota.

The meeting at the Graham Annex auditorium will start promptly at 7:30 o'clock tonight and the first talk will be given by Lieutenant Raymond T. Ross of the French aviation corps who has been at his home in Crawfordville on a furlough. He will appear in his French aviation, corps uniform which he wore when he sailed over the German lines. Lieut. Ross has spoken several places and has been received with great ovations. His parents, Mr. and Mrs. Charles W. Ross, will accompany him here.

The second address will be delivered by Frederick A. Matson of Indianapolis, a bond attorney who has a statewide reputation as an orator and authority in the subject of government bonds. He will discuss the Liberty Loan and show that the purchase of a Liberty Bond is not only a patriotic duty, but is likewise the best investment on earth.

There will be no special music, but B. F. Miller will lead the audience in singing patriotic airs. Samuel L. Trabue will act as chairman of the meeting.

A Liberty Loan demonstration was held at New Salem this afternoon and the principal address was made by Douglas Morris of this

Continued on Page 6

SITUATION IS UNCHANGED

School Will Open Monday if no More Diphtheria is Reported

The diphtheria situation remains unchanged. During the past two days no new cases have developed and no new cases reported. If no more cases arise, the probabilities are that the quarantine will be raised the first of next week, although it will not be definitely settled by the board of health until that time arrives. In case the quarantine is lifted as planned, school will be opened on Monday.

RECOMMENDS MAN FOR FUEL AGENT

Chairman County Defense Body Suggests Local Citizen For The County Administrator

WILL BE NAMED BY WOOLLEN

A. L. Gary, chairman of the County Council of Defense, today recommended a Rushville man for appointment by the state fuel administrator, Evans Woollen, as county fuel administrator. The name of the man recommended can not be divulged until the appointment is made. The state administrator asked that a recommendation be made and also outlined the duties of the county administrator.

It shall be his duty to ascertain the fuel needs of the community with special regard to points of immediate need. He shall also investigate prices and report weekly. He will also be requested by the state fuel administrator to report the gross margin which is charged by each fuel dealer and whether it is excessive. The county administrator will also be expected to investigate the status of contracts between jobbers and operators and industrial plants, especially where contracts call for delivery at prices below the president's order.

Committees to assist the county administrator are advised, but it is suggested as unwise to name any coal dealer on any committee.

DIES 12 HOURS AFTER WOMAN SHE CARED FOR

Mrs. Amy Sanders Expires Suddenly at Home of Mack Wright in Falmouth

HAD LEAKAGE OF THE HEART

Mrs. Amy Sanders of Fairview died very suddenly yesterday afternoon, within twelve hours of the death of Mrs. Mack Wright and at the late home of Mrs. Wright in Falmouth whom she had been caring for during her last illness. Although Mrs. Sanders had been suffering for some time from leakage of the heart, her health was as good as usual apparently until yesterday afternoon, when between three and four o'clock she laid over on the table near which she was sitting and when spoken to by some persons in the room, it was found she had died. Mrs. Sanders was the widow of the late Michael Sanders. She was an active member of the Fairview Christian church.

The funeral arrangements for Mrs. Sanders have not been completed and will not be until the arrival of her brother, Frank Wylie of Adams, Ind. The services, however, will probably be held at the Fairview church.

REINFORCE ITALIANS

Washington, Oct. 24.—French and British reinforcements are arriving daily at the Italian front, official cables from Rome stated. The troop movement is being made by train from train from France. Large quantities of munitions and artillery equipment accompanied the soldiers.

MERCHANTS ASKED TO DO THEIR BIT DIRECTORS ARE ALL RE-ELECTED

One Representative From Each Line to Urge Window Displays Conservation Week

WHOLE COUNTY IN CAMPAIGN

Church Will Devote Service to it and Women Will be Asked to Sign Pledges

Every business man in the city will be asked by the committee in charge of Food Conservation week to be held here from October 28 to November 4, to aid in putting before the public the purpose of the week and the necessity of co-operating in making it a success.

One representative from each line of business has been asked to see that every other man in that line makes convincing displays in the show windows and throughout the store. Posters will be provided by the Food Conservation committee for this purpose. One merchant from each town in the county has been appointed by the local advertising agent for the week to make complete arrangements in that town with the other merchants.

The churches will devote a part or all of one church service to Food Conservation either on Sunday, October 28, or Sunday, November 4. At this time, a committee will be present to ask women to sign the Food Conservation cards, promising they will do all possible in aiding the government toward the conservation of food. Members of the Psi Chi sorority will be in a number of the down-town stores on every day during the week to explain the purpose of the cards and urge women to sign them.

The observance and success of the week throughout the country is a necessity, for as stated in convincing literature received here by the committee on Food Conservation man, money and food are imperative to win the war. Men and money have been offered plentifully but the conservation of food is harder to get than either of these two.

The bulletins which will be handed out during the conservation week give practical suggestions to the housewives on economical cooking and the use of materials least needed by our Allies. Wheat, meat, sugar and fat, are the materials which Americans are especially asked to economize on, either by using less or substituting materials for them.

BAD FREIGHT CAR SHORTAGE

Railroads Lack 70,000 of Having Enough—Can't Get More.

Chicago, Oct. 24.—With the greatest grain crop in history to move and an army of a million and a half men to feed, combined with the general increase in business has brought about a serious shortage in freight cars. The railroads today faced a shortage of over 70,000 cars and are unable to get any more. The government is requiring for army purposes—munitions and ships—the material for making locomotives and freight cars. Also practically all of the cars now being constructed are being sent to France which is in greater need than this country.

REV. C. S. BLACK SPEAKS

The Rev. Clyde S. Black of the local Methodist church addressed a joint session of the conventions of the Moores Hill and Connersville district Foreign Missionary Societies of the Methodist church this afternoon at the Methodist church in Greensburg. The Connersville district convention has been in session at Waldron and the Moores Hill convention at Greensburg.

DIRECTORS ARE ALL RE-ELECTED

Red Cross Officers Are Not Chosen, However, as Quorum of Board Was Not Present

CHANGE IN THE BY-LAWS

Treasurer's Annual Report is Heard, Showing Actual Expense For Year \$115.59.

At the annual meeting of the Red Cross society held in the court house assembly room this afternoon, twelve directors were re-elected to serve on the board of 36 directors for three years. This board of directors was to elect officers for the society this afternoon but due to the fact that a quorum of directors was not present, the election was postponed until a later meeting.

The annual report of the treasurer, Lewis M. Sexton, was heard, showing the actual expenses of the chapter for the year were only \$115.59.

A request was read to send a representative from the local society to an institute to be held in Indianapolis one week from Tuesday to be instructed how to aid the dependents of soldiers who had been killed to the colors. It was decided, however, not to send a representative inasmuch as there are very few soldiers who have gone from this county leaving dependents.

It, too, was deemed unnecessary because of the Civilian Relief Committee of the local society, which has been appointed to aid the wives, mothers, sisters or children of the soldiers. Their aid is offered in business matters, in giving advice, or finding relief if necessary. The committee is composed of George C. Wyatt, A. L. Riggs, Mrs. Lewis Sexton, Miss Anne Straight and Mrs. George Aultman. Any cases where relief is needed should be referred to any member of this committee.

An amendment was added to one of the by-laws of the society. Heretofore, the board of directors was elected by a committee of five appointed by the executive board. The amendment provides that any member of the society may suggest at a meeting a director to replace the one suggested by the committee.

Attention was called to the state meeting of the Red Cross to be held in Indianapolis on October 30. At this time, reports from the chapters will be given and suggestions exchanged for methods of work used most successfully.

The annual report of the treasurer, Lewis M. Sexton, was read, showing a balance of \$435.67 in the general fund and \$3,229.80 in the special war fund. The chapter received twenty-five per cent of the war fund subscribed in the county and it may be used for any war relief measures. The report shows the chapter has drawn on the war fund for \$456.

The report on the war fund is misleading, but has to be made in the form it was submitted. The report shows \$7,422.78 still due on subscriptions, but the Carthage auxiliary has about \$2,500 collected which has not been turned over to the treasurer. In reality collections unpaid amount to about \$5,000.

One interesting feature of the report is that the total expense of operating the chapter for a year was \$115.59, which is regarded as exceedingly low. The item on donations for which no memorandum was made is cash received for material sold at the headquarters. The report in detail follows:

Receipts

3795 Annual Members at \$1 each	\$3795.00
26 Subscribing Members at \$2 each	52.00
1 Contributing Member at \$5 each	5.00
	\$3852.00

Continued on Page 2.

TO REPORT COAL ON HANDS

Operators Receive Order From State Fuel Administrator.

(By United Press.) Indianapolis Ind., Oct. 24.—Coal operators today were ordered to report daily to Evans Woollen, state fuel administrator, or the Indianapolis coal trade bureau, the amount of coal they have on hands.

Sixteen more cities were sent coal today by order of Woollen. The coal administration is working on appeals from many other cities, including Connersville.

GERMAN PRISONERS NOW NUMBER 8,000

Identified as Belonging to 11 Separate Battalions Participating in Great Battle.

GEN. PERSHING SEES VICTORY

(By United Press.)

Paris, Oct. 24.—General Pershing, commander of the American expeditionary forces, witnessed the great French victory in the battle of the Aisne yesterday. Today Pershing penetrated deep into the conquered zone.

Prisoners today reached 8,000 including 170 officers, and these of the choicest of the crown prince's troops. Today's official statement said they had been identified as belonging to eleven separate German divisions. Eight full regimental staffs were included in the prisoners taken.

French soldiers fought in the air, on the ground and struck the Germans a fatal blow. This fight will go down in history as the battle of Cavers, the conflict of caverns. The French won the objective.

A battle was fought on the summit of the razor-back ridge, the north point of the ridge being in possession of the Germans. The ridge was honeycombed with caverns, which the Germans had converted into fortresses.

CITY WILL LIKELY BUY SIGNAL LIGHT

Officials at Demonstration Tuesday Night Convinced Rushville Should do Her Part

IT IS PURELY A WAR MEASURE

The city council will in all probability purchase a signal light to guide United States student aviators flying from Wright field at Fairfield, O., to Chanut field at Rantoul, Ill., because it is a government measure. Mayor C. L. Bebout, Councilmen R. F. Scudder and Chase Manzy and A. T. Mahin, superintendent of the water and light plant, were the city officials who attended the demonstration of lights to be used as signals, at the Speedway near Indianapolis last night. E. R. Casady and Jack Knecht, local merchants, also were present.

City officials today were convinced that the city should spend \$85 for the light because the government considers it necessary in establishing a zone in which student aviators may fly by night and not get lost. Other cities included in the zone marked out, which were represented last night, will likewise buy lights, it is believed. Rushville officials at the demonstration said that the Odd Fellows building was the tallest in the city and that the light would likely be installed there if permission to do so were obtained.

HOME GUARD TO MEET

The Home Guard will hold a drill in the corridors of the court house tomorrow night at seven-thirty o'clock.

O. E. ARBUCKLE FINED ONE CENT

I. & C. Conductor Living Here is Convicted on Assault Charge at Shelbyville

ALTERCATION OVER A CENT

Jury Decides it Shall Remain One-Cent Case—Dispute With a Gwynneville Man

Shelbyville, Ind., Oct. 24.—The prosecution of the State against E. O. Arbuckle, of Rushville, conductor on the I. & C. traction line, for assault and battery because he ejected W. W. Wilcox from an interurban at Gwynneville, Apr. 27, 1917 following a dispute over a cat fare, still remains a one-cent case. Mr. Arbuckle was tried before Judge Blair and a jury in the circuit court Tuesday, was convicted and was fined one cent.

The trial was a short one, the jury being empanelled and all of the evidence heard before noon. Commencing when court convened after noon, the attorneys made their arguments, each side having an hour and the case was then delivered to the jury by Judge Blair. The twelve men giving the task of deciding the matter did not find it an easy one and after deliberating till after five o'clock they asked Judge Blair again to read the instructions to them, which was done. The agreement on the verdict did not come until ten minutes after nine o'clock.

Arbuckle was conductor on a traction car of the I. & C. company on which Mr. Wilcox, a resident of the northeast part of this county, took passage on April 27. There being no station at Gwynneville Mr. Wilcox accepted the local tariff of the traction company and paid the five cents fare to Morristown, where he purchased a round trip ticket to Indianapolis, under the company's through tariff, having telephoned ahead for the ticket and getting off of the car and getting it while the stop was made at that town. Mr. Arbuckle demanded that he pay an extra one cent on the ground that the fare from Gwynneville to Indianapolis is fifty-nine cents and Mr. Wilcox, in paying the five cent fare from Gwynneville to Morristown and under the round trip ticket paying fifty-three cents fare from Morristown to Indianapolis was not paying the full fare from Gwynneville to Indianapolis. When Mr. Wilcox persisted in not paying the extra cent demanded Mr. Arbuckle delivered an ultimatum of ejection at Fountaintown and when that town was reached he did forcibly eject Mr. Wilcox from the car. It was alleged that he jerked and shoved him in doing it. His treatment of him in putting him off of the car formed the basis for the prosecution on the charge of assault and battery.

Judge Blair, in his instructions to the jury, said that if from the evidence it should be found that there was no ticket office at Gwynneville, then Mr. Wilcox had the right to ride to Morristown for the five-cent local fare, to get off of the car there and purchase a ticket to Indianapolis, and get back on the car, and that the conductor, after a tender of the ticket so bought, had no right to demand additional pay or to eject the passenger from the car.

YEGGMEN THWARTED

Lafayette, Ind., Oct. 24.—Safe blowers visited the town of New Richmond, 18 miles southwest of here, and blew the outer doors of the safe of the state bank early today but failed to reach the money. They cut all telephone wires leading into the town and escaped in an automobile.

Buenos Aires, Oct. 24.—Sinking of the American steamer Santa Helena with 24 lives lost was reported in dispatches received from Spain.

DISMISSES THE PETITION

Indiana Gas Association Withdraws Request to Reduce Heat Units.

Indianapolis, Ind., Oct. 23.—The petition filed by the Indiana Gas Association with the public service commission asking permission to reduce the standard of heat unit of gas from 600 to 500 was today dismissed by the commission. The gas companies wished to reduce the number of heat units in order to extract from gas certain chemical elements with which to make explosives. Although this would mean an added income for the gas companies, they asked to make the change without reducing the price of gas.

GAS HEARING TO BEGIN

Indianapolis, Ind., Oct. 24.—The public service commission this afternoon was scheduled to begin hearings on the petitions of the Indiana General Service Company to purchase and absorb the Marion Light and Heat Company and the Muncie Electric Light Company.

ODD FELLOWS NOTICE

Franklin lodge will meet in regular session this evening. Every member of the degree staff is requested to be present for the purpose of rehearsing the initiatory degree preparatory to conferring the same at the next meeting. Business of importance will also be discussed.

Penn.—John Volpert has sent President Wilson three ears of corn with Red, White and Blue grains, which he grew in his garden. He is keeping his process secret but next year promised to distribute his samples. He said he took a white grain, a red grain and a blue grain, pressed them tightly together and planted them.

Frankfort—J. F. Ross of this city has abandoned plans for spending the winter in Florida in order to remain in this city and devote his time to exemption board work.

Bluffton—James Hoppes of Redkey was killed when his clothing caught in the fan of a corn shredder.

All cars stop and will be met at Stop 26 on day of George W. Reeve's sale of Spotted Polands which will consist of 75 head of sows and males—Oct. 28th. Sale commences at 11 o'clock.

FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver.

Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

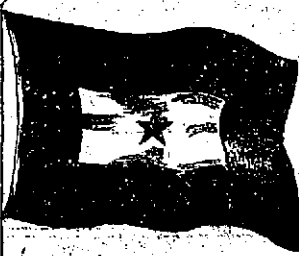

Hypoferrin contains these mighty strength-producing agents, lecithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, shallow, pale complexion that "all in" feeling and frail bodies are due to lack of lecithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon a lecithin-and-iron peptonate laden blood, steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can yet produce, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The power and paint way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give business and grace to every feature of the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life to your body and mind that fades by no means. It will work the same way on an equal footing with anyone. Hypoferrin may be had at your druggist's or direct from us for \$1.00 per package. It is "all in" the price of a bottle. Write to: Remedia Co., Cincinnati, Ohio.

Heat Your Home Better with Hot Air—Pay Less

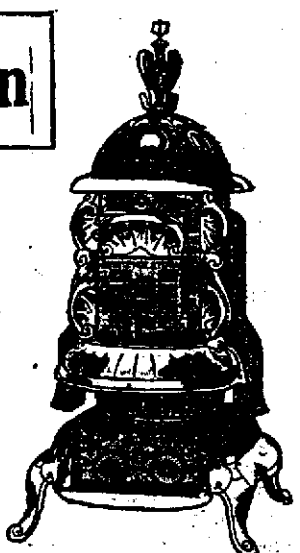

See the Estate Hot Storm IN ACTION!

THE WONDERFUL new system of hot air heating that brings the comfort and convenience of a furnace-heated home within everyone's reach will be demonstrated and thoroughly explained by an expert from the Estate Stove Factory at—

Gunn Haydon
Estate Hot Storm

—the Stove with a "Little Furnace" in it

is not a stove, not a furnace, but a heating system that combines the best features of both. It sets in the room like a stove, its exterior looks like a stove, but there the similarity ends. For its interior is utterly different from any stove you have seen—inside it is built like a hot air furnace.

The Tractor You Can Afford to Buy

If you are supporting from four to six horses in idleness nine months of the year, giving up 20 to 30 acres of your land to raise horse feed instead of marketable crops, you know what this means.

Moline-Universal Tractor

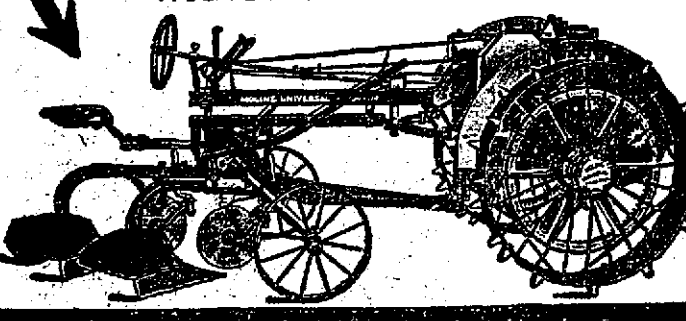

Does all the field work, including the cultivating and harvesting. Belt power up to 12 h. p. It plows deep, at the right time—in half the time.

Has the pulling power of five horses, the working capacity of seven because of greater speed and endurance, and eats only when it works.

Strictly a one-man machine—drives easier than a team from the seat of the implement pulled.

A proven success. Backed by a \$19,000,000 concern with 51 years satisfactory service to the farmers of America.

SUGAR RATION IS

RE GREATLY REDUCED

Shortage in Europe Make Allowance Per Person Very Small

—Rules For Restaurants

ALLOWED HALF POUND WEEK

(By United Press.)

Washington, Oct. 24.—Compared with America's average consumption of ninety pounds of sugar per person a year, England and France are almost without this commodity. The English person, who in pre-war times consumed his ninety three and a third pounds a year, is now allowed one half pound a week. In France the allotment is but eighteen pounds a year.

The British government has been careful to announce that it cannot guarantee that even the half-pound allowance can be obtained and a sugar card for a family is issued only for the number of persons sleeping in the house. In a public restaurant, if sugar is taken on cereals, the person must do without sweetening in his coffee. It is now customary for a lady, invited out to tea, to take her sugar with her. She is also expected to bring her own cake.

Personal Points

—L. W. Collins of Chicago spent the day here on business.

—S. S. Garchner of Shelbyville attended to business here today.

—Mrs. D. D. VanOsdol spent the day in Indianapolis with friends.

—G. L. Tremain of Greensburg made a business trip here today.

—Mrs. Will Meredith was among the visitors to Indianapolis today.

—Mrs. Dan Long and Mrs. Will Leach spent the day in Indianapolis.

—Miss Clela King of Connersville visited friends here today, enroute to Indianapolis.

—Mr. and Mrs. Charles Hasty of Milroy have returned home after visiting Mrs. L. L. Ferree.

—Mrs. Elizabeth Hoard left yesterday for a visit with friends and relatives at Plymouth and Kokomo.

—Mrs. Pearl Ball of this city has returned from a visit with her sister, Mrs. R. W. Brooks, of near Greendale.

—Mrs. A. W. Tompkins has returned to her home in Indianapolis after visiting her sister, Mrs. Sam Morgan for the past few days.

—Mrs. Sarah Henley has gone to Indianapolis for a short visit with Mrs. Donald McIntosh after a visit with her daughter, Mrs. Louis Mauzy of this city.

—Mr. and Mrs. DeWitt Thompson of Logansport will arrive tomorrow for a visit with Mrs. J. Wesley Kelly. Mrs. Kelly will accompany them home for a visit.

—Mrs. Davis Richards of Elwood and her daughter Miss Jean of this city returned today from a visit with Dolph Richards, who is in training at Ft. Thomas, Ky.

—Mrs. Miranda Kiplinger, Miss Margaret Ball, Jerome Caron and Bert Conde left this morning in Kiplinger's automobile for Hattiesburg, Miss., to visit at Camp Shelby.

—Lieutenant B. C. Thurman of Ft. Benjamin Harrison, visited friends here last evening. Lieutenant Thurman went to Camp Taylor today, where he has been transferred.

—Mrs. Lowell M. Green and children will leave Friday for Hattiesburg, Miss., where they will spend the winter with Lieutenant Lowell Green, who is stationed at Camp Shelby.

—Ed V. Campbell, who is stationed at Fort Sill, Oklahoma, has returned to this city for a sixteen day furlough. He was called here on account of the illness of his mother, Mrs. Charles Hendricks, who is much better.

—Mr. and Mrs. Don Root have returned to their home in Piqua, O., after visiting Mr. and Mrs. L. B. Miller and S. B. Anderson and family. They were accompanied home by Miss Jessie Anderson, who will remain for a week's visit.

Shelbyville—A. L. Rice enjoyed the unusual experience of gathering strawberries while the snow was falling here.

Royal Baking Powder saves eggs in baking

In many recipes only half as many eggs are required, in some none at all, if an additional quantity of Royal Baking Powder is used, about a teaspoon, in place of each egg omitted.

Try the following recipes which also conserve white flour as urged by the government.

Corn Meal Griddle Cakes

1 1/2 cups corn meal
1 1/2 cups boiling water
1/2 cup milk
1 tablespoon shortening
1 tablespoon molasses
1/2 cup flour
1 teaspoon salt
4 teaspoons Royal Baking Powder
NO EGGS

Scald corn meal in bowl with boiling water; add milk, salt and molasses; add flour, salt and baking powder which have been sifted together; mix well. Bake on hot greased griddle until brown. (The Old Method called for 2 eggs)

Eggless, Milkless, Butterless Cake

1 cup brown sugar
1/2 cup water
1 cup seeded raisins
2 ounces citron, cut fine
1/2 cup shortening
5 teaspoons Royal Baking Powder
1/2 teaspoon salt
1 teaspoon nutmeg
1 teaspoon cinnamon
1 cup flour
1 cup rye flour

Boil sugar, water, fruit, shortening, salt and spices together in saucepan 3 minutes. When cool, add flour and baking powder which have been sifted together. Mix well; bake in loaf pan in moderate oven about 45 minutes. (The Old Method [Fruit Cake] called for 2 eggs)

Send for our new booklet "55 Ways to Save Eggs." Mailed free on request. Address Royal Baking Powder Co., Dept. H., 135 William Street, New York

Amusements

"The Butterfly Girl" is the title of the photoplay to be presented at the Gem theatre this evening with Margarita Fisher in the leading role. An interesting romance is worked out in the story. Stuart Holmes takes the leading role in the five reel picture to be given tomorrow afternoon and evening, titled "The Derelict." It is a Mutual production.

Aside from the Hearst-Pathé News at the Princess tonight, depicting the latest war news, Mme. Petrova, a movie favorite will appear on the screen in the leading role of "Bridges Burned." It is a Metro production and the five reels portray a story of an independent girl and her love affairs during the great war in Europe. A blue Ribbon Vitagraph feature will be shown tomorrow in which Alice Joyce and Harry Mowery take leading parts in "The Question."

Oliver Morosco's production of Richard W. Tully's pulsating Hawaiian romance "The Bird of Paradise" will be the offering at the Murat Theatre, Indianapolis, for one week with matinees, Wednesday and Saturday beginning Monday evening, October 29. It comes this season with an entire new scenic investiture and a complement of players said to be superior to that seen in several years. This will be the sixth visit of America's favorite drama.

The cast this season includes Marion Hutchins, who for five seasons has been playing leading roles in A. H. Woods' productions. She will be seen as "Luana," the little "Kanaka," who tries so hard to be a credit to her white husband, but fails miserably and ends it all by plunging into the seething volcano.

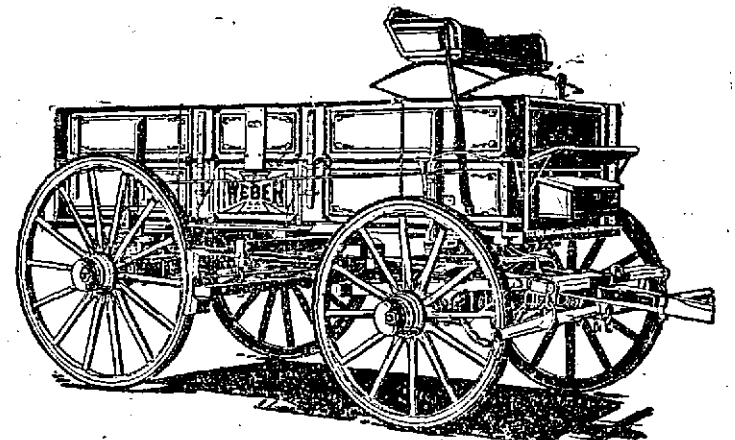

Prominent among the other members of the company are Forrest Stanley, as Dr. Wilson, who degenerates under the tropic spell; John Richardson as the "beach-comber" who regerates through his love for an American girl; Roberta Forrest as Diana, James Applebee, Jack Ellis, James Nelson, Rose Watson, Maude Farrington, Maude Melville, James Glasgow and A. Francis Lenz.

Then there are the Hawaiian singers, dancers and musicians. These natives are credited with making Hawaiian music popular in this country and giving the proper atmosphere to the play.

The scenes are laid in the Hawaiian Islands. The three acts disclose a beach cave on the Puna coast; interior of a native house; a villa near Waikiki beach, Honolulu; approach to Mt. Kilauea and the marvelous realistic and impressive volcano scene, called by the natives on the island "the house of everlasting fire."

The theme of "The Bird of Paradise" is the degeneration of one race when brought into close contact with an inferior civilization. It is an alluring and tragic story of the tropics in settings of gorgeous splendor to the haunting and wailing notes of the ukulele.

"The Bird of Paradise" is proclaimed throughout the country by dramatic critics "the best liked play this year." Its success all these years is attributed to the fact that Oliver Morosco has never sent out

Come In and See the Weber Here Are More Big Points

YOU will be interested in looking over the hound, hub, skein and skein box construction. On the Weber the hounds are of straight-grained oak; on the front gear they are of the same type, wide and roomy in the rear, to give the reach ample support in turning short. They are mortised and well braced with solidly welded steel. Hubs are of white oak only, turned, shaped and bored accurately for the skein boxes. Skein box is made so that a grease-chamber is formed. A solid collar keeps the oil away from the wood of the hubs. Mud and sand cannot get into the axle and the skeins cannot wear into the skein boxes. That means long life and good service. These are all reasons why you should have a Weber wagon—that is, if you want a wagon for real work. Come in and let us show you.

TO TURN ON CLUSTERS

Carthage's new cluster lights will be turned on for the first time Saturday night. There are sixteen of them now and more will probably be installed. They provide good light all over the business district

Work on paving the main street in Carthage is progressing rapidly, the improvement having been completed from first street to the railroad north of Carthage.

Bedford—The 1917 apple crop of Orange and Lawrence counties valued at \$50,000, was sold in three days. The prices were the highest in the history of the counties, ranging from three to seven dollars a barrel.

Uric Acid!

Ever since the discovery of uric acid in 1775 that uric acid was found within the body—most eminent physicians agree that rheumatism is caused by it; also many distressing symptoms as headache, pain in back, stomach distress, swollen feet and ankles, gout, etc.

It was Dr. Pierce of the Invalids' Hotel Buffalo, N. Y., who discovered a new agent called Anuric, a harmless remedy that if taken before meals will carry off the uric acid from the system and in this way the pains and aches, the creaky joints and all the distressing symptoms of rheumatism and other maladies disappear. You can easily prove this yourself, by obtaining Anuric (double strength) at almost any drug store, or send Dr. Pierce 10c. for trial package. Try it and be convinced that Anuric is many times more active than lithia and eliminates uric acid as hot water melts sugar.

WORN-OUT, OVER-WORKED WOMEN, HERE IS ADVICE FOR YOU.

Hammond, Ind.—"Some time ago I read the 'Medical Adviser' by Dr. Pierce. I was poorly—had trouble from which women suffer and was worn out from over-work. I took three bottles of 'Golden Medical Discovery' and three of 'Favorite Prescription.' I found that they not only made me feel better but cured all my trouble so that it never returned. My husband said these were the best medicines he ever found for me. I have consulted the 'Medical Adviser' often and found it lead me along the right lines to get such help as I needed in my work of nursing. I have recommended the 'Discovery' and 'Prescription' to my friends and they have successfully used them."—Mrs. MARY J. NICHOLAS, 679 Oakley Ave.

GOOD PROVIDER'S FAMILY

She's found a grocery that sells the best of food. So my wife tells!!

My wife's telling all her neighbors all about the polite service and the quality goods to be found at this grocery shop. And she says their business is increasing by leaps and bounds.

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

COLORING IN FOOD IS NO AID

Barnard Points out Decorated Products Are no Improvement on Nutrition Value

MARISCHINO CHEERY EXAMPLE

Sometime Looks Better Colored But Taste is Same—Unpolished Rice Best

Indianapolis, Ind., Oct. 24.—H. E. Barnard, state food commissioner, commented today on present day notions that foods must be colored, bleached or decorated and otherwise made beautiful to make it suitable for nutrition. His statement follows:

"Savages believe that a ring in the nose of a woman makes her more beautiful. We hold the same belief but hang the rings in the ears of our helpmates, where they are less in the way at dinner and where twice as many can be used because Nature is more generous in the way of ears than noses. Our singular ideas of improving the beauty of women are duplicated by food manufacturers in decorating the products which they prepare as feasts to our eyes and stomachs.

The marischino cherry is a beautiful illustration of the length to which a manufacturer will go to improve Nature's handiwork. The cherries are first bleached with chemicals to remove their natural color; the stone is taken out and the cherry soaked in glucose which hardens and swells the tissue; it is then given a bath in aniline dye, comes out a brilliant red or blue or green, ready for the greedy eyes and uneducated palate of the consumer.

"The miller who bleaches his wheat does so because he thinks housewives prefer the ghostly white color of bleached flour to the creamy yellow of the normal flour. The coffee dealer who runs his green coffee through polishers is working to the same end. He is doing his best to beat Nature and while doing it to make the inferior berries look as if they came from bags marked A-1.

"The trick of the rice miller who coats his rice with tale and glucose works the same way. And so does the butter maker who work yellow color into his January churning in the hope that his customers will be the better pleased because it is not a whit less attractive than his June product which was colored naturally by the cows on the green pastures.

"But the human family is not the only one to be imposed on by these rectifiers of natural beauty who would paint the lily or put new colors in the spectrum. Even the horse who sticks his nose into a bag of oats runs into deception. Oats sometimes get off color. What is easier than to restore their pristine brightness by bleaching them with sulphur just as the urbane Green restores the freshness of last year's straw hat.

"We may not all agree as to the virtues of nose and earrings as attributes to the beauty of woman, but we can surely find no fault with the argument that our foods need no deceptive decoration to make them suitable for our nutritional demands."

CABINET IS READJUSTED

French Premier May be Ousted Following the Upheaval

Paris, Oct. 23.—After 24 hours of confusion, Premier Painleve had apparently readjusted his cabinet this afternoon by switching former premier Ribot from foreign minister to minister of state.

The ministers attempted twice to resign in a body. In making a place for a new foreign minister, it was believed Painleve would manage to survive the shake-up although several Paris newspapers this afternoon thought he would be forced to make room for Socialists.

Warsaw—Warsaw is suffering from a milk shortage due to the action of the Winona Lake dairy in suspending business. The Snyder dairy has been unable to meet the demand. Families where there are children are receiving first consideration.

INDIANA'S GOAL IS ONE MILLION

Twelve Million Volunteers Minimum to Enroll During "Conservation Week"—In U. S.

SEVERAL STATES TO REPORT

Washington, Oct. 24.—Twelve million of America's 22,000,000 housewives is the minimum number the food administration's army of 500,000 volunteers is sure to enroll in the food saving campaign during "Conservation Week," October 28 to November 4. Indiana alone has promised a million, which is a much higher goal than most States have set. To get its million pledge card signatures, Indiana will have to enroll a large number of men as well as women.

With Pennsylvania, Missouri and the District of Columbia yet to report, 12,600,265 is the sum of family enrollments which each State has set, through its federal food administration and food pledge campaign managers, as the lowest number that can be expected. There is no telling how much larger the final number may be after the family-to-family drive has been completed on November 4.

A million and a quarter housewives have already signed the food administration's pledge card. This enrollment was obtained with the most informal organization, and very largely through newspaper and magazine publicity. To enlist the remaining 8,150,735 families of the nation is an immense task, but with the half-million volunteer campaign workers organized and trained for the effort, the food administration is confident of the outcome. Indiana's minimum quota is one million.

EXPECT SUPPLY OF SOFT COAL VERY SOON

Dealers Say West Virginia Product is Now Being Sent Down The Ohio River

SHIPPED FROM CINCINNATI

Rushville coal dealers are very optimistic about getting a supply of good soft coal here very soon, but the prospects for hard coal are very dim, they say. Local dealers declare that most of the trade here wants a good grade of soft coal and Indiana and Kentucky coal, which can be obtained, is not in that class. They say that the demand is mostly for West Virginia coal, which costs a little more, but which is cheaper in the end.

One coal man yesterday said it had been impossible to get West Virginia coal here because it had not been coming down the Ohio to Cincinnati where it could be shipped to the middlewest states. He declared that a movement of coal from the West Virginia mines had been started and that there would be little trouble in getting shipments out of Cincinnati in a few days.

Crawfordsville—A school for telegraphers will probably be started here under the direction of the United States signal corps.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

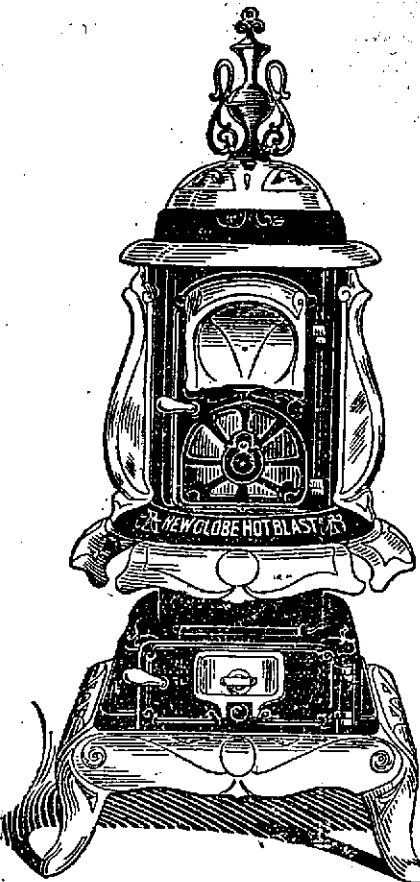

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Remember that the heaviest hogs are the spotted Polands and a cross with any other good breed, come to Reeve's sale and see the offering—Oct. 28th; on I. & C. traction, stop 26. All cars will be met. 18814

Here's a Heater That—Eats Smoke

Burns Cheap Coal!
Holds Fire!
And Saves You Money!

Here is a heater that burns the smoke and gases, cuts your coal bill, holds fire for two days, warms the floor and is an ornament in any home—your home.

You know, some folks never think to look into a heater's construction, but that is a most important thing to consider. Study the construction of the GLOBE HOT BLAST. Then you will see why this Globe will return in comfort, fuel-saving, heat and everlasting satisfaction the few dollars you invest in it.

Questions

that are frequently asked about

The Aeolian Vocalion PHONOGRAPH

Do you have to change the needles?
No, you do not. That is, if you are content to play one brand of records exclusively.

Does it play any record?
Yes, it plays any disc record that is made, and plays it well.

Do you have to stop it?
No, it stops automatically.

Do you have to muffle it to obtain the soft tones
No, it is provided with what is known as the Graduola, with which you may grade the tone to suit your fancies.

If you are in the market for a new Phonograph, you will do well to investigate the NEW AEOLIAN VOCALION Before You Buy.

Society

Mrs. Clara Bebout, assisted by Mrs. Minnie Abernethy and Mr. Sam Morgan, entertained the members of the Ladies Aid Society of the Methodist church, yesterday afternoon at her home in North Morgan street. Vases and wall pockets of chrysanthemums were used throughout the home. The first part of the afternoon was given over to business, during which time the ladies decided to serve a lunch at the ministerial meeting, which will be held here November 2, and plans were completed for the winter. Two new members were taken into the club, Mrs. Herbert Gilson and Mrs. R. W. Noyer. The Rev. Clyde S. Black, pastor of the church, and Mrs. George Hogsett sang a duet, "He Was Nailed to the Cross." The hostesses served refreshments to the fifty-two members, who were present. Mrs. Budd will entertain the society in two weeks.

A pretty fall wedding was solemnized this morning at the Catholic church at eight o'clock, when Miss Bertha Miller, daughter of Mrs. Julius Miller of Mays, became the

bride of Oscar Hood of Raleigh. The Rev. M. W. Lyons performed the ceremony. The bride was becomingly dressed in a Burgandy broadcloth suit with hat to match and old ivory colored gloves and shoes, and carried an immense shower bouquet of white chrysanthemums. The only attendants were Miss Edna Hood of Raleigh, as maid of honor and Orville Hood of Indianapolis, cousin of the bridegroom, best man. Miss Hood was dressed in blue and carried a bouquet of pink chrysanthemums. Mr. Hood will leave for Camp Taylor with the next increment of selected men.

Mr. and Mrs. William B. Poe are celebrating their fiftieth wedding anniversary at their home in North Morgan street today by entertaining the members of their family, Mrs. Rena Warner of Indianapolis and Mr. and Mrs. Jesse Poe of this city at dinner this evening. The decorations for the dinner table consist of yellow chrysanthemums. Mr. and Mrs. Poe have made their home in this city for the past fifty years and Mr. Poe is still in business with his son, Jesse Poe.

The Loyal Daughters class of the Christian church had a delightful meeting with Miss Bessie Morris last evening at her country home, north of this city. Mrs. Ray Gartin, Mrs.

Social Calendar

Thursday

Pirate Bridge club with Mrs. Will Bliss, 550 North Perkins street.

Priscilla Art club with Mrs. Jack Rees at her home in Raleigh.

Catholic Aid society with Mrs. Ed Caldwell, assisted by Mrs. John Cooning.

Yomo club with Mrs. Russell Barringer, 1032 North Perkins street.

Charles Frank and Miss Fern Finley were the assistant hostesses. Twenty-seven of the class were present. Rook made a lively pastime for the guests and light refreshments were served.

Mrs. J. T. Arbuckle will entertain the members of the Social Dozen club, Friday afternoon at her home in East Seventh street. This is the first meeting of the winter and all of the members are urged to be present.

The teachers and officers of St. Paul's M. E. Sunday school will have an important meeting, in which to plan for a fall rally, at the church following the regular prayer meeting service Thursday evening. A large attendance is urged.

Mrs. Guy Abernethy of this city, district chairman of the Sixth District Federation of Clubs, is in Fort Wayne attending the meeting of the State Federation of Clubs and will remain until Friday evening.

Miss Eva Alpha, daughter of Mrs. Alice Alpha of Manilla and Oscar Passmore, son of Mrs. Mary Passmore of Manilla were quietly married at the Beer Hotel at noon, the Rev. D. Ira Lambert of the First Presbyterian church officiating.

Mr. and Mrs. Ray Beaver entertained with a six o'clock dinner last evening at their home near Glenwood, in celebration of their fiftieth wedding anniversary. A large bowl of chrysanthemums embellished the center of the prettily laid table and little golden bells made appropriate place cards. Covers were laid for twenty-four guests.

ASPIRE FOR MAXIMUM LIBERTY LOAN QUOTA

Continued From Page 1
city. A Liberty Loan bond was loaned to Mr. Morris by the Rushville National bank to display at the meeting. It is the first Liberty Bond which has ever been seen here. A program of music had been prepared for this afternoon's meeting. Mr. Morris was accompanied to New Salem by A. L. Gary and other Rushville citizens.

The Liberty Loan meeting at the Andersonville U. B. church last night was productive of good results, an estimated subscription of \$4,000 being made by the people in the audience. All of this applied on Franklin county's quota except one \$50 bond which was purchased by a Rush county man at the meeting. Addresses were made by Judge Will M. Sparks and John D. Megee of this city, Judge Raymond Springer of Connersville and A. J. Ross of Andersonville. In addition to the two speakers from here, George W. Young and A. L. Gary attended the meeting.

A statement received this morning from reserve district headquarters at Chicago ranked Rush county in third place among the 69 Indiana counties in the district in the per cent of Liberty Loan quota subscribed. The report covered all subscriptions to the close of business last Saturday. This is the highest position ever held by this county. The last report showed the county in fourth place, but today's statement reveals that Rush county has shoved Fayette county out of that coveted position. Newton county leads with 88.9 per cent of the quota subscribed and Dearborn second with 83 per cent.

Bluffton—Charles Frauhiger lost his right arm when he got it caught in a ditch rigging machine.

Bedford—One apple tree in the orchard of the Burton Fruit Company yielded one hundred and thirty bushels of apples.

CAMP SHELBY IS BEYOND ITS GOAL

Subscribes For More Than \$1,250, 690 Worth of Liberty Bonds And Moves Up Mark

BROADWAY REVIEW NOW ON

Redpath Attraction Opens at Camp Tuesday Night—Logs Being Used For Cannon

(Special to the Daily Republican.)

Camp Shelby, Miss., Oct. 24.—Camp Shelby has reached the goal it set for the Liberty Loan campaign. The soldiers here have taken \$1,250,000 worth of Liberty Bonds and the goal has been moved up another notch to \$1,500,000. The news that the mark had been reached spread quickly through the camp and men and officers cheered wildly. It was stated that though the goal has been reached Camp Shelby no longer leads the camps throughout the country, but has dropped to third through the wonderful spirit shown by Camps Grant and Sheridan. However, this camp still is ahead in point of per capita subscriptions, with \$60.98 per man. Though the goal has been reached work on the sales of bonds has not stopped. Instead the campaign will be continued and it is understood that another goal—\$1,500,000—had been set to work for. And it is confidently believed that the new mark will be reached before the time limit set.

Great rivalry has existed throughout the campaign between the different units and the men from the three states represented among the troops here, for the high mark in subscriptions. It was stated today that high honors in this regard up to the present time are held by the One Hundred and Forty-ninth Infantry, formerly the Second Kentucky, whose subscriptions total \$153,000. Next comes the One Hundred and Fifty-second Infantry, formerly the Second Indiana with \$138,000. The One Hundred and Fifty-first Infantry, the old First Indiana, is third, with \$133,550.

The Redpath Activities Commission opened its tented auditorium at Camp Shelby last night at seven o'clock with a big musical offering, the Broadway Revue, which comes here direct from New York City. A company of sixteen presented this bright and tuneful musical tabloid. The attraction will remain at the camp for the remainder of the week. Camp Shelby is just one of the 32 cantonments where the big and picturesque brown tents of the Redpath Chautauqua have been pitched. Musical tabloids, high-class vaudeville, standard lyceum and chautauqua attractions, dramatic features—in short all forms of wholesome entertainment will be circulated over the 32 army camps at moving picture prices, with no profit to anyone.

The Redpath Activities Commission is operating under the War Department commission on training camp activities.

The big tent is located in the center of the camp, near "Y" No. 4. The tent is well equipped with a good stage, lighting and seating and will be made warm and comfortable in every way.

Logs mounted on wagon wheels are being used by artillerymen in their maneuvers. The logs are in some cases artistically painted and from a distance of a few hundred

VINOL MAKES GOOD BLOOD

Positive—Convincing Proof

Many so-called remedies for anemia are only so in name. Their makers are afraid to prove their claims by telling what their medicines contain. The only way to be honest with the people is to let them know what they are paying for. Here is the Vinol formula. When the doctor knows what a medicine contains, it ceases to be a "patent" medicine.

By Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Manganese Citrate, Lime and Soda Glycero-phosphates, Cascarin.

Any doctor will tell you that the ingredients of Vinol, as named above, will enrich the blood and banish anemia and create strength. When the blood is pure and rich and red, the body is strong and robust.

You can prove this at our expense because your money will be returned if Vinol does not improve your health.

Remember that the heaviest hogs are the spotted Polands and a cross with any other good breed, come to Reeve's sale and see the offering—Oct. 26th; on I. & C. traction, stop 26. All cars will be met. 18844

yards can scarcely be detected from "regular" cannon.

Real fighting implements are expected to be delivered to the field artillery organizations within the next few months, but it is explained that the demand is so great on the manufacturers of heavy guns that it is impossible to supply guns for practice just now. The men say that their painted logs answer every purpose for practice—except for target practice.

With nearly all units complete, with the exception of the drafted men, and all camps made, the attention of the men is being given largely to drill and war maneuvers. Squads, platoons and companies may be seen on the drill grounds and open spots about the camp morning and afternoon going through bayonet practice, Swedish setting-up drills, wig-wag semaphore and other systems of signaling and drills of many kinds.

The French classes for enlisted men at the camp are growing so large that the Y. M. C. A. men have called for more instructors from the ranks. The classes are taking a great interest in their studies and are making good progress.

Big football games will be seen in Hattiesburg and at Camp Shelby soon. Mr. Dixon, athletic director, is arranging a big number of contests, both between the organization teams at camp and with outside college elevens.

WITNESS IS REPRIMANDED

Clarksburg Man Told he Must Testify Before Grand Jury

Greensburg, Ind., Oct. 24.—Charles Bohannon, a resident of the Clarksburg neighborhood was taken before Judge Donaker in the Circuit court yesterday when he refused to answer certain questions put to him in the grand jury room, and it did not take this jurist many minutes to set Mr. Bohannon right.

Judge Donaker informed Mr. Bohannon that he must answer such questions as were put to him by the grand jury to the best of his ability and veracity, or his refusal to do so would be held as an act in contempt of court and there was only one way open then—the county jail.

GROCCERS TO CO-OPERATE

A. Bogue Addresses Richmond Dealers About Food Prices

Richmond, Ind., Oct. 24.—A resolution was adopted Monday night at the meeting of the Retail Grocers in the Commercial club rooms to co-operate with Food Administrator Hoover. Grocers agreed to do all in their power to lower the present high prices of foodstuff.

Speculation in food will be discontinued after November 1 according to A. Bogue of Rushville, who addressed the grocers.

All cars stop and will be met at Stop 26 on day of George W. Reeve's sale of Spotted Polands which will consist of 75 head of sows and males—Oct. 26th. Sale commences at 11 o'clock. 18844

A Hard Winter

Yes, you have heard it prophesied by the old timers that this winter is going to be a hard one.

YOU CAN DO YOUR BIT

and lessen your winter hardship by making the same clothing do this winter that you wore last. If it is a little shabby in appearance, a little soiled or mussed, don't let that worry you. After a trip to our dry cleaning, repairing, altering and pressing departments you will not recognize it.

NO MATTER WHAT THE GARMENT IS—Overcoat, Suit, Dress, Skirt or Waist—WE CAN DO IT.

Cut Down Your Clothing Expense and Buy a Liberty Bond.

FIRST AID MEN BEING TRAINED

Two Hundred Thousand First Aid Experts Are Trained by American Red Cross

COURSE ALSO OPEN TO WOMEN

Car For Instruction of Railroad Men Has Just Finished a Three Months Tour

By GEORGE MARTIN
(U. P. Staff Correspondent.)

Washington, Oct. 24.—The American Red Cross has developed and trained nearly two hundred thousand first aid experts in the last six months, it was learned today.

They are all men, and all available for war service if needed. The course of instruction, which is in the hands of seven thousand Red Cross physicians and surgeons throughout the country, also is open to women.

Nearly a hundred thousand railroad men, half as many lumbermen and as many quarry men have received instruction in "first aid" this year.

This work covers the stoppage of hemorrhages, resuscitating following drowning or gas asphyxiation, the carrying of injured persons and many other phases of first aid, especially in the hazardous industries.

The course covers ten lectures, supplemented by the requisite practical work at the conclusion of which certificates are issued to those completing the course satisfactorily.

The Red Cross has two "first-aid" cars for the instruction of railroad men, one of which has just finished a tour of three months giving instruction to the railroad men.

Through these courses the First Aid Division of the Red Cross is building up a reserve of trained men available not only for Red Cross war service but also for sanitary training detachments to provide a sanitary reserve for the Army and Navy.

IS PLEASED WITH RESULT OF AUCTION

"Dusty" Miller Receives \$202.50 an Acre For His Farm and Says It's Worth Money

PERSONAL PROPERTY \$3,832

"Every bid I received on my farm yesterday was from a Rush county farmer," said "Dusty" Miller today, "which shows what I always contended, that Rush county farmers are the best judges of land on earth. It was a good farm and was well worth the money. I advertised the sale all over southern Indiana, but I got the results from Rush county. It's Rush county against the world."

The sale of the farm by auction was probably the first one of its kind on record in the county. The farm brought \$202.50 an acre under the hammer, the total consideration for 73 acres being \$14,782.50. Riley Stevens of Richland township was the successful bidder. The sale of personal property on the farm amounted to \$3,832. Mr. Miller said he was very much pleased with the results of the sale.

GET DRUGS FREE

Lafayette, Ind., Oct. 24.—Purdue University students are to receive their drugs free, if they take sick while attending school. In co-operation with the University health service, the pharmacy school is now filling, without charge, prescriptions written by the University physician. The arrangement has a double value. It gives students in the School of Pharmacy the actual practice that is necessary to their training and it insures, at the same time, the better health for the entire student body.

GIVE SOLDIER A BOND

Washington, Oct. 23.—Liberty Bonds for Christmas presents for United States soldiers in France was suggested by U. S. Treasurer William G. McAdoo. He urged all who intended making a present of jewelry or other valuable gifts, to give a Liberty Loan Bond instead.

Days Pickings

Melvina Brooks is ill at his home in North Jackson street.

George Winkler, son of Mr. and Mrs. Jess Winkler, is suffering with yellow jaundice.

Tax collections at the county treasurer's office yesterday amounted to \$11,422.99.

A marriage license was issued today to Miss Eva Alpha and Oscar Passmore of Manilla.

The Milroy high school basketball team will play the Sandusky high school quintet Friday night at Milroy.

Miss Ida Dixon received word yesterday of the death of her uncle, Peter Dixon, who died at his home in Burlington, North Carolina, Sunday.

The new fire truck bought by the city was shipped from Elmira, N. Y. Oct. 17, but has never arrived here yet. A bill of lading for the truck has been received.

In the suit of C. J. and Nanny Riekhart against Owen L. Carr, which was sent to Shelby county on a change of venue, a motion has been filed asking for a special judge.

A fire at the home of William Dunn, 419 West Third street, was extinguished yesterday with a bucket of water by Fireman Smith. A sill of the house caught fire from the grate.

E. R. Casady and Paul T. Allen have sold the general store which they recently purchased at Danville, Ind., to a Cincinnati firm and Mr. Allen, who has been managing it, will return to Rushville and resume his duties at Casady's store.

Lieutenant Francis J. Coyne of this city, attached to a machine gun company of the 335th regiment at Camp Taylor, Ky., has been assigned to the physical culture section of the regiment as an instructor, according to dispatches today from Camp Taylor.

Congressman Richard N. Elliott of Connersville, representative of this district in congress, addressed a Liberty Loan meeting at Shelbyville today. He is devoting all his time to the campaign, having just returned from a tour of the southern part of the state.

Joe Hitt, son of Mr. and Mrs. Will Hitt, who is in an aviation squadron and has been stationed at San Antonio, Texas, has been transferred to some point in Oklahoma, according to word received here. He is now in the 137th squadron. Orla Price, also in the aviation section, who has been at San Antonio, has been transferred to New York and will go to France in about a month.

INDIANA HARD AT WORK

Indianapolis, Ind., Oct. 24.—In accordance with proclamations issued by President Wilson and Lieut. Gov. Bush, Indiana Liberty Bond backers today made their greatest efforts to dispose of the government bonds. Liberty Loan Day found the state well along in its campaign for sales of the bonds and leaders were confident that Indiana would rank well up among the states in this work.

FORTUNE UNDER N. Y. STREETS

New York, Oct. 24.—Experts estimate the copper wires and lead protection-cables used in transmitting of New York City at thirty million pounds of copper worth approximately seven million, five hundred thousand dollars and four million pounds of lead worth about four million eight hundred thousand dollars.

WILTSE'S BROTHER DIES

Harry Wiltse of Bluffton, the brother of George Wiltse of this city died this morning at eight o'clock at his home in Bluffton after an illness of only two days caused by blood poisoning. Mr. Wiltse was 30 years old and is survived by a widow and 5-year-old son. Upon hearing of his illness, George Wiltse of this city went immediately to his bedside yesterday. Mrs. Wiltse and Mrs. Etta Sellers left today for Bluffton to attend the funeral.
